# CENTR IS THE OFFICIAL EQUIPMENT PROVIDER OF HYROX

Centr is building the global infrastructure for performance fitness, the operating system that connects how people train, compete, and belong. We're giving gyms a turnkey way to plug into one of the fastest-growing sports in the world.

- As the official global equipment partner for HYROX races and training environments, Centr equipment allows athletes to train like they race and perform at their best on race day.
- Officially recognized HYROX Training Zones are commercial gym solutions that turn workout spaces into performance hubs.
- Plus adaptive digital-coaching in the Centr App provides athletes with HYROX-certified training, personalized for their individual goals and paired with their Centr equipment.

# COMPETITION POWER ROPE

HYROX EVENT: 50M SLED PULL

Model #: HBR

The Centr x HYROX Power Rope is a training essential with a twist—it lets you track your sled-pull progress at a glance, with yellow markings every three meters along its 15-meter length. Every aspect of the rope was purposefully designed to help you elevate your performance, from its no-slip handles to its tightly-woven, fray-proof Dacron® polyester construction. The result: A durable tool that'll last for the long haul, with functional quality you can trust when you're giving it your all.

## SPECIFICATIONS

**Rope Material**  
Dacron® polyester

**Handle Material**  
Heat Shrunken Polyethylene (PE)

**Markings**  
Yellow Marks Every 3 m

**Dimensions**  
(38 mm) D x (15 m) L  
(1.5 in) D x (49.2 ft) L

**Warranty**  
5 Years - Consumer Use  
2 years - Studio and Light Commercial Use  
2 Years - Hyrox Competition Use

## FEATURES

Three-meter markings make it easy to assess progress in the HYROX sled pull

Sturdy grip for competitors to excel

Solid steel hook easily attaches the rope to the Centr x HYROX Power Sled for competition or training

## POWER ROPE VARIANTS FOR YOUNGSTARS

- Centr x HYROX Competition Power Rope with Loop
- Centr x HYROX Competition 10m Power Rope

# COMPETITION POWER SLED

HYROX EVENT: 50M SLED PUSH and PULL

Model #: HPS

The Centr x HYROX Power Sled is built for efficient training – every detail designed to help you maximize your effort and achieve your personal best. Crafted from sturdy, commercial-grade steel, the sled features five poles with textured grips and markings for proper hand placement, mirroring competition standards. Its sleek, aerodynamic build is tailored to the turf of HYROX fitness races. It's also easy to see the weight, thanks to a central pole that holds over 150 kg / 330 lb of bumper plates. With the Centr x HYROX Power Sled, you're setting yourself up to be a powerhouse competitor.

## SPECIFICATIONS

### Materials

Frame and Handles: Powder Coated Steel  
Weight Plate Horn: Chrome Plated

### Dimensions

## FEATURES

Intentionally designed with a handle knurling and hand-placement markings for a consistent grip

Engineered to perform optimally on HYROX turf for a frictionless effort

Stack in bumper plates and add or remove corner poles to challenge your sled push and pull circuits

## POWER SLED VARIANTS FOR YOUNGSTARS

Centr x HYROX Official Competition Power Sled Handle is also available for Youngstars athlete training

CENTR | HYROX

# COMPETITION EDGE BUMPER PLATES

HYROX EVENT: 50M SLED PUSH and PULL

Model #: HUBP25

The Centr x HYROX Edge Bumper Plate is intelligently built to simplify your most rigorous workouts. The plates are designed to interlock with each other, making it easier to load them on or off the Centr x HYROX Power Sled. Unlike conventional plates send tremors across the gym, these plates have premium soft-touch, damage-resistant, DMF-free coating that mitigates noise and vibrations. With the weight written on the edge of the plate, you know what you're pushing or pulling at a glance.

## SPECIFICATIONS

### Materials

Inner filler bags with double Velcro® locking system ensures no sand gets out and no moisture gets in

CENTR | HYROX

# COMPETITION WALL BALLS

HYROX EVENT: 100 WALL BALLS

Model #: HWB4, HWB6, HWB9

The Centr x HYROX Wall Balls are powerfully designed—helping you bring out your inner power. Each ball is individually crafted, stitched, and tested to maximize your grip, so you can end your HYROX race strong. With multiple weight options and a PVC outer shell that's double stitched at the seams, this durable wall ball will keep its shape as you put it through the ringer. Throw it against the wall, smash it on the ground, and hit the target on race day. It's the only thing standing between you and the finish line.

## SPECIFICATIONS

# PERFORM SERIES E9 ELLIPTICAL WITH 16" TOUCHSCREEN

Model #: AAF.1

The Centr Perform Series E9 Elliptical is a commercial-grade cardio machine featuring premium design and construction, engineered for facilities of all sizes to perform through constant, high-volume use. A built-in 16-inch TFT touchscreen provides instant feedback and workout stats, while integrated heart rate monitors deliver precise readings. An electromagnetic resistance system delivers whisper-quiet operation with 32 levels of adjustment.

## FEATURES

### 16-inch TFT Touchscreen

Large, integrated touchscreen delivers entertainment, workout data visualization, and intuitive program navigation in one easy-to-use experience.

### Electromagnetic Resistance

Engineered for whisper-quiet, frictionless performance with precise control across 32 resistance levels.

### Plug-In & Self-Powered Operation

User-generated energy powers the console helping reduce reliance on external outlets and lowering operating costs. Plug in required for touchscreen operation.

### Oversized Stride Length

Encourages a natural gait pattern to efficiently engage major muscle groups while maintaining comfort and proper biomechanics.

## SPECIFICATIONS

### Console

16" TFT Touchscreen with Time, Speed, Distance, Heart Rate, Calorie, Set & Enter Button, Music Controls

CENTR | HYROX  
*TRAINING SERIES*

# CENTR | HYROX TRAINING SERIES

The Centr x HYROX Training Series will help you train like you race with performance-built equipment at accessible price points.

## RUBBER OCTO KETTLEBELLS

Modeled after the Official Competition Octo Kettlebells of HYROX races, these uniquely shaped kettlebells are designed for high-performance training environments. Engineered for comfort and optimal grip during farmer's carry, Octo Kettlebells deliver versatility and durability for all athlete levels.

**AVAILABLE WEIGHTS:**  
4 KG - 32 KG

## WEIGHTED VEST

This Weighted Vest makes it easy to add adjustable resistance to bodyweight exercises, hikes, and cardio sessions. Engineered for comfort and stability, this vest is designed to adapt to your training demands.

**ADJUSTABLE WEIGHT:**  
10 - 30 LB

## RUBBER STAR DUMBBELLS

Available in both pounds and kilograms, these star-shaped dumbbells are engineered for high-volume hybrid and functional training. Their unique design helps prevent rolling, improving stability and safety, while the straight, knurled black chrome handles offer a secure, comfortable grip for any training style.

**AVAILABLE WEIGHTS:**  
2 KG - 36 KG | 5 LB - 80 LB

## SANDBAGS

Train like you race with a sandbag engineered to perform. Purpose-built for high-volume, hybrid training, these sandbags are ideal for lunges, squats, presses, carries, and other functional movements.

**AVAILABLE WEIGHTS:**  
5 KG, 7.5 KG, 10 KG, 20 KG, 30 KG

# INSPIRE-SERIES

# INSPIRE SERIES FT1 FUNCTIONAL TRAINER

Model #: FT1

The FT1 is loaded with options with one of the most compact designs in the industry for a functional trainer. It's designed to tuck perfectly in a corner of your home with all the exercises front-facing and no reason to go to the back side. What makes this machine so special is the pulley system and weight stacks. The pulleys give you freedom to move in any direction and even work each side independently with a full range of motion.

## FEATURES

### Loaded, Yet Compact

One of the industry's smallest footprints in a full functional trainer

### Isolate Each Pulley

Two weight stacks and inventive engineering allow for independent movements

### Complete Freedom

Thirty swivel pulley positions provide movement in any direction for unrestricted exercises

## SPECIFICATIONS

### Weight Stacks

2 x 165 lb (75 kg)  
1:2 ratio for 82.5 lb per pulley  
85 lb with 5 lb Add-On Weights

### Frame

Heavy-duty rectangular steel,  
matte black finish

### Muscle Groups

All

### Included Accessories

Tablet Holder Attachment, Tricep Rope, 2 x Rubber D Handles, Straight Bar, EZ Curl Bar, Ankle Strap, Multi-Function Belt, Sport Handle, 2 x 5 lb Add-On Weights, Exercise Booklet

### Optional Add-ons

Weight stack upgrades 2 x 50 lb

3-Month Membership to  
Centr Digital Included

# INSPIRE SERIES FT1 PRO FUNCTIONAL TRAINER

Model #: FT1

The Inspire Series FT1 PRO Functional Trainer is the next generation of Inspire Fitness's top selling FT1 Functional Trainer. This new FT1 PRO is a commercial-grade, 2-stack cable machine with 30-position vertically adjustable swivel pulleys, a pull up bar and built-in storage. Compactly designed to fit in a corner and take up a minimal footprint, yet built for people of all heights. The FT1 PRO is equipped with the proprietary, ultra-smooth pulley system and comes equipped with a full set of attachments.

## FEATURES

### Full Body, Compact Design

With a V-shaped frame and 30-position vertically adjustable, swivel pulleys, the FT1 PRO is ready to do it all in a tight space.

### Dual Weight Stacks

Isolate each side of the body, or serve two users at once with two separate weight stacks and pulley systems.

### Full Accessory Kit and Storage

A total of 9 attachments are included with the FT1 PRO, as well as built in storage for all accessories, devices, and water bottles.

### 3 Free Months on the Centr App

Get a personal training plan, expert coaching, and programs that sync with your FT1 PRO - included with your purchase.
