

Using Data to Drive Nursing Home Quality Improvement

1. Quality Improvement Guide

Start your quality improvement project with this Quality Improvement Guide. This powerful tool offers templates for modification and use, including a performance improvement project guide, project selection checklist, process mapping, fishbone diagram, 5 whys, a SMART(IE) goal worksheet and driver diagram.

2. Performance Tracker

Utilize this Performance Tracking tool in your auditing/surveillance program and identify ways to improve and/or implement competency and observation activities in your organization.

3. Nursing Home Key Resources

Access this Nursing Home Key Resources for tools and information on COVID-19, infection prevention and control, Personal Protective Equipment (PPE), cleaning/hygiene, auditing, NHSN and more.

4. Vaccination Change Package

The Vaccination Change Package identifies barriers and challenges to vaccination and provides interventions supported by evidence-based tools and resources to improve vaccination quality measures and rates.
