Aligned & Future Focused with Army Objectives

Modernize, Equip, & Sustain the Army of 2030 to Successfully Conduct MDO as Part of an Integrated Joint Force

Cultivate More Equipped, Capable, & Interoperable Allies & Partners

Foster a Diverse & Professional Workforce That Enables an Agile & Innovative Acquisition Enterprise

“The world and warfare are changing rapidly. We will stay ahead of our adversaries through continuous transformation iteratively adapting and evolving how we fight, how we organize, how we train, and how we equip.”
 -Randy A. George 41st CSA

Secretary of the Army’s Six Operational Imperatives

- ✓ See & sense farther & more persistently
- ✓ Deliver more combat power more effectively than ever before
- ✓ Win the fires fight by delivering precise, longer-range fires
- ✓ Protect our forces from air, missile, & drone attacks
- ✓ Rapidly & reliably communicate & share data
- ✓ Sustain the fight across long distances & contested environment
