SAMD Mission/Priorities/Core Tasks

MISSION:

Facilitate the **on-time and on-budget** delivery of partner aviation and missile capabilities through **proactive** case development and management.

PRIORITIES:

- Overarching People Strategy
- Internal Performance Metrics and Management Controls
- Requirements and Finance Management
- Standardization of Processes and Procedures

CORE TASKS/RESPONSIBILITIES:

- Develop, maintain, oversee partner cases (“contract” between U.S. and country)
- Financial management and oversight
- Voice of and to the customer
- Integration of “Total Package Approach”
- Transportation/delivery coordination
- Program management of select non-standard and non-program of records
- Liaison support
- Oversee partner repair and return programs
- We DO NOT acquire systems, provide tech integration

DoD Security Assistance Organizations

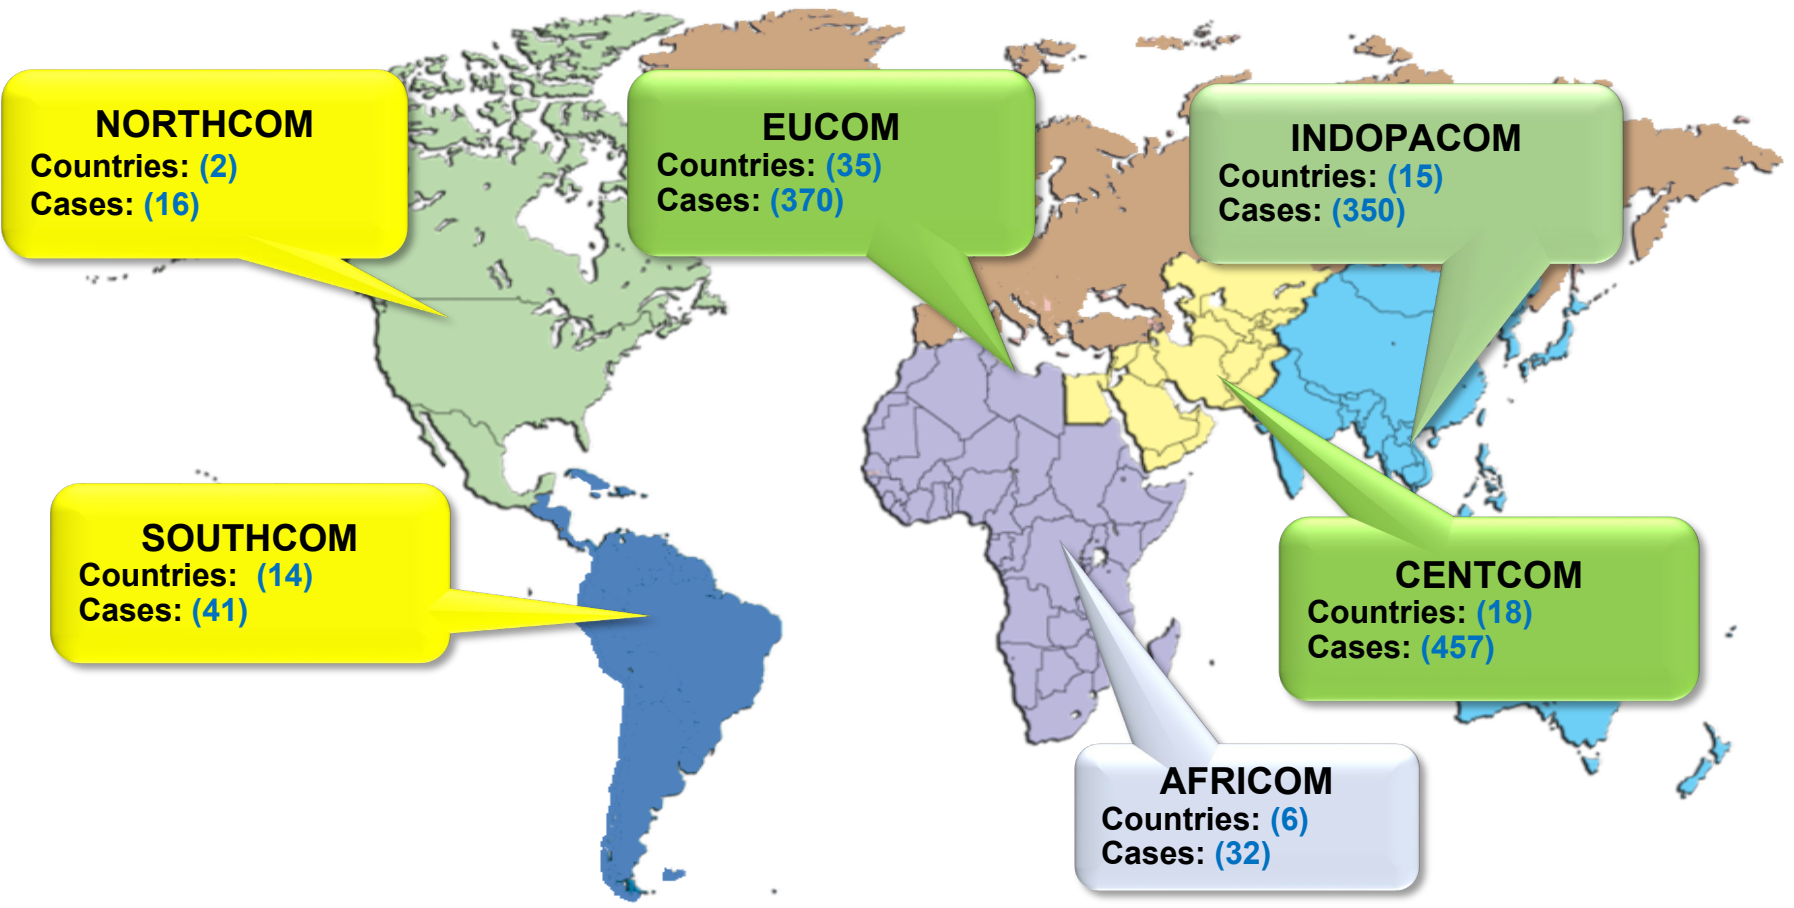

A Team of Teams approach...
