### Chairman's Message

**Mr. Sanjiv Khanna**  
Chairman - BUOYSAIL GROUP

Over the last 25 years we have grown our international footprint to encompass 20 countries across Europe, North America and Africa. We are deeply rooted in local businesses which have collectively contributed to the success of our Global operations.

Our success is built on three core principles:

**Excellence in all Operational matters.**

**Adopting a mentality that the client always comes first.**

**Having a deep commitment to safety and efficiency.**

We take great pride in the fact that we have remained engaged and committed to the communities we operate in. We ensure that all our businesses have a very low carbon imprint, thereby minimizing the harmful effects on the environment.

It has been a wonderful journey so far and we are fully prepared to embrace the future with all our partners. On behalf of all my team members, I would like to take this opportunity to reinforce our commitment to excellence and quality. There will be no compromise, as these have been the cornerstone of the Buoy Sail Group's success story.

## **BUOY SAIL TRADE ESTABLISHMENT**

Buoy Sail Trading Establishment specializes in the trade of minerals (Chrome and Manganese Ore) ferrous and non-ferrous scrap, waste paper and semi-finished steel. With over 25 years of industry experience, we have operations in key sourcing markets round the globe, which support our customers, as per their requirements and production schedule.

## **SURBHI STEELS FZE.**

Surbhi steels FZE, is our facility located within Hamriyah Free zone Sharjah, where we process ferrous and non-ferrous scrap. Loading-Unloading- Baling and complete land and sea logistics are handled by this facility.

## **SHINING STAR INTERNATIONAL SCHOOL LLC.**

SSIS is an International K-12 built on a sprawling 10-acre campus in Abu Dhabi. It is an SDG school and all its teachers are Certified Microsoft Educators. It enjoys an enviable reputation in the UAE and the school is acknowledged as being 'The best in its segment'.

A second school with a state-of-the-art campus and having a capacity of 4000 students is currently being built in Al Wathba, Abu Dhabi. This school is expected to be operational by 2021-22. There are a further two schools planned in Dubai and Sharjah.
