

"Serving the metal industry with excellence"

Established in December 2009, MIJ International is a global metal merchant focusing in trading, processing and production of ferrous and non-ferrous metals. Our headquarters is based in Jebel Ali, Dubai and our company conducts business worldwide. We have a diversified clientele ranging from Far East to Central and South America. Our production facilities are

located in Dubai, Pakistan and Ghana. MIJ International has continuously and effectively responded to growing demands of our society, meeting the challenges as they become due, thereby solidifying its reputation in the metal industry as a successful metal merchant, processor and producer.

NON-FERROUS METAL ST.
Nos →

MIJ International FZE

Our Headquarters in Dubai Jebel Ali, Trading division of the group, Non Ferrous Scrap Processing Yard and Future plans for Copper Anode Manufacturing.

Malik MIJ Chunxing Limited

Joint Venture with Largest Chinese Secondary Lead Producer to recycle around 120,000 MT/Annum Used Lead Acid Battery

Non Ferrous Metals Ghana Limited

Lead, Copper and Plastic recycling facility in Ghana, West Africa

MuzAti International Limited

Hong Kong based company engaged in Trading of Non-Ferrous Metals for China and Far-East Market.

Future Projects

1. Around 20,000 MT/Annum Copper Blister Production Facility in UAE.
2. Around 60,000 MT/Annum Used Lead Acid Battery Recycling Facility in Damam, in association with most reputed Metal Recycling group of Saudi Arabia.

what we do?

- Trading of Metals, Scrap and Agri Commodities
- Recycle Lead, Copper and Plastic Scrap

what we buy

Copper Ingots

Mixed Copper Scrap

Motors + Compressors

Lead Copper Cable Scrap

Range Lead Scrap

Remelted Lead Ingots

Brass Ingots

what we sell

Copper Ingots

Birch CLiff

High Antimony Lead Ingots

Aluminum Scrap Talk

Stainless Steel Scrap
