TIME (EASTERN TIME)	TIME (BRITISH SUMMER TIME)	DESCRIPTION	SPEAKER(S)
10:00 – 11:00 AM	3:00 – 4:00 PM	<b>Exhibit Hall and Networking Lounge are open</b>	
11:00 – 12:00 PM	4:00 – 5:00 PM	<b>Understanding and Supporting the Challenges Teachers Face</b> Join education school leaders that support teachers in an interactive, minds-on Catalyst Session™ to uncover the common challenges teachers face and strategies other leaders have to resolve them.  Catalyst Sessions™ utilize a unique format where participants work together in small groups - facilitated by Zoom breakout rooms - in order to co-construct an artifact that provides new insight. This is not a typical webinar and participants are reminded to attend with cameras and microphones on. Catalyst, is an innovation partner for the education sector. We form open, collaborative communities united by a shared purpose, and work with them to innovate their way to impact. Catalyst partners with Governments, NGOs, system leaders, educators and anyone seeking high-impact change in education.	<b>Giancarlo Brotto</b> Global Education Advisor, Cofounder and Executive Director Catalyst  <b>Adam Collis</b> Cofounder and Director of Innovation Catalyst
12:30 – 1:30 PM	5:30 – 6:30 PM	<b>KEYNOTE: Being Innovative and Creative in Uncertain Times</b> During this session, Mark will explore how teachers can support their learners in this challenging time. This year will have witnessed a global pandemic, Black Lives Matter Movement, Climate Change and many more issues that have affected teachers and student's way beyond the classroom. Is this a moment in time where we can reflect and build a brighter future for our learners and communities?	<b>Mark Martin MBE</b> AKA @Urban_Teacher

TIME (EASTERN TIME)	TIME (BRITISH SUMMER TIME)	DESCRIPTION	SPEAKER(S)
7:00 – 8:00 PM	12:00 – 1:00 AM  (10:00 – 11:00 AM AEDT)	<b>KEYNOTE: The Innovator’s Mindset</b> Carol Dweck’s work has focused on the ideas of “fixed” and “growth” mindset, yet educators will need to go a step further with these notions to create the learning opportunities and that our students and schools deserve. We need to focus not only what we know, but what we do with what we know. In this talk, George will discuss the idea and characteristics of “The Innovator’s Mindset” (as discussed in the book of the same title) and share persuasive examples on why this is so crucial for all educators and how can we leverage technology in a way to provide purposeful opportunities for all learners, including the adults. George’s presentations are known to be emotional, humorous, all while pushing your thinking, and will connect to your heart first, in a way that will last with you long after this keynote.	<b>George Couros</b> Innovation Leader
