# Advice of Allowance

- PRC AOA's (Advice of Allowance) are distributed to the Area Finance Office.
- Area level distribution is normally based on a quarterly spending plan.
- There may be several types of allocation received i.e., (Recurring Base dollars, recurring or non-recurring funds, CHEF and FMCRA)
- At the SU level once allowance is received the amount is posted into the RPMS PRCMIS (ALU- allowance menu option), this updates the PRC accounts. Staff must know what the day to day funds availability is.
- Allowance in Register must match Allowance in UFMS.
  - Generate an Allowance Status by Location Report in FBIS

## 2-3.13 FOLLOW-UP OF OUTSTANDING AUTHORIZATIONS

Each IHS PRC program will establish a follow-up system for all authorizations that have not been completed and returned within 90 days of issuance. Manual Exhibit 2-3-L has a recommended form letter for use in these follow-ups.

## 2-3.14 RECONCILIATION OF CHS/MIS to UFMS REGISTER

The PRC Commitment Register (CHS/MIS) will be reconciled with the official financial management report, each month of the fiscal year. The recommended procedures for reconciliation of the Commitment Register are provided in Manual Exhibit 2-3-M.

# Open Document Report to Vendors

---

## Vendor Usage Report

- RPMS report utilized to create an Open Document Report/Vendor Usage Report
- Report is an excel spreadsheet with all the information that is on the Purchase Order.
- Report can be sent via secure data transfer email to the vendor billing staff for review.

# Reconciliation – CHSMIS to UFMS

---

- OKC Area Uses WebFRS to reconcile PRC documents.
- WebFRS reconciles the past 10 years of data.
- WebFRS pulls data directly from RPMS into the database.
- UFMS information is obtained from an FBIS report—IHS – CHS Balance Report
- FBIS report is uploaded into the WebFRS database
- WebFRS then does a document by document comparison of obligations and payments in each system for each doc.
- WebFRS provides 3 lists (called Steps) of unmatched documents.
- When docs are corrected, they will automatically fall off the reconciliation the next time it is run.
