Jeanette Kompkoff

Director, Division of Health IT Modernization & Operations (DHITMO)

Dr. Howard Hays

Chief Medical Information Officer (CMIO)

EHR Branding Announcement

EHR Branding

Using PATH as the name of our EHR solution will evoke themes of guidance, connection, and holistic well-being. It signifies our commitment to supporting individuals on their healing journeys, fostering a sense of empowerment, and promoting health and wellness in harmony with nature and community values. PATH represents "Patients at the Heart" which further ties the branding to our Program vision statement.

Program Update

Modernization Program Vision

Provide the best possible EHR, managed by its users, for its users, that will drive high-quality health care through sustainable, modern, and easy to use tools.

Modernization Outcomes

Patients

- Better access to personal health record including test results, medications, and care plans
- Improved communication with care teams
- Access to records across all health care sites using new enterprise EHR solution, PATH EHR

Clinicians

- Improved efficiency and usability in workflows
- Interoperability across the I/T/U and with referral networks
- More complete view of patient history
- Improved care coordination both within and external to facility
- Support for team-based, patient-centered health care

IHS, Tribes, & Urban Indian Organizations

- Offload development to PATH EHR solution vendor
- Substantial reduction of local IT support burden
- Stronger data security and patient privacy protections
- Better insights into population health status, locally and nationally

Timeline

IHS Mission

To raise the physical, mental, social, and spiritual health of American Indians and Alaska Natives to the highest level

IHS Vision

Build healthy communities and quality health care systems through strong partnerships and culturally responsive practices
