

GET READY FOR ORIENTATION!

MONASH
University

The Monash Business School Orientation is accessible to all students, regardless of where you are in the world. Each day will host different activities, some of which are noted below:

Course preparation and advice

Find out about managing your enrolments, using the Handbook, recognition of prior learning and key considerations throughout your journey at Monash. Look for '**Course Advice**' in the title.

Meet your Academics

Take the opportunity to meet with your academics and their departments. Look for sessions with '**Course Director**' or '**Course Information**' in the title.

Moderated panels

Each day we will introduce you to various members of the community, including fellow students, and what they offer new students. Look for sessions with '**Panel**' in the title.

Club Carnival

Meet club and society student representatives and find out how you can get involved. Each will introduce themselves, address any questions you may have and then host a fun social activity.

Fun and games

Within the Orientation Fair there is a scavenger hunt and a leaderboard to participate in and win prizes. Each day will also feature a unique **daily quiz** with a \$50 AUD gift card up for grabs.

You can register for as many sessions as you like, just be mindful that some may clash (check the time next to the session title).
