14:10 **Benchmarking during a pandemic.**

The world of cleaning and hygiene has changed. Now is our opportunity to put ourselves forward as the short, medium and long term solution to workplace confidence and productivity. In this session Mike Boxall, Managing Director of Sitemark Limited, will share his recent experience of service provider best practice so that delegates can identify the areas that need to be addressed, and learn how others are adapting to a focus on hygiene cleaning standards and not just visual ones. Now is the time to move away from dated productivity calculations and finally to a position where we can demonstrate the value of investing in well equipped, well-trained and well managed cleaning service so that we can reduce our overall cost of cleaning.

Mike Boxall, Managing Director, **Sitemark**

15:05 **An introduction to Knittler Medien**

Founded in 2001 Knittler Medien is now located in Egenhausen in the Northern Black Forest (Germany). The media house publishes the cleaning industry trade magazine Reinigungs Markt, international edition Cleaning World, contract cleaner magazine Gebäudereiniger and the ergonomics industry magazine Ergonomie Markt.

INTERACTIVE™**

6-7 OCTOBER 2020 / ONLINE

DAY ONE – TUESDAY 6 OCTOBER

- 15:15 The importance of industry training - lessons of a global pandemic**
As we look to manage the virus in respect of mitigating associated risk, cleaning has an imperative role to play in implementing and delivering one of the key control measures. Industry training is essential and adopting the right process and methodology will support the challenge in keeping buildings open, safe and fully operational through the provision of a creditable service delivery.
Chris Ryan, Head of International Business, BICSc
- 16:10 A SAFER Tomorrow: Navigating the Changed World of Work**
An already rapidly-changing world of work has been drastically accelerated by the COVID-19 pandemic. This session offers a look at pre-COVID workplace environmental, health, and safety (EHS) trends, then overlays new findings from an employer survey and future of work research effort (Safe Actions for Employee Returns) initiative. Topics covered will include safety technology, demographics, health & wellbeing, COVID-19 response successes and challenges, and the emerging "new normal."
John Dony, Director at Campbell Institute
- 16:55 The Latest Innovations from Kärcher UK - Kärcher Product Range**
Daniel Took, Head of Product Marketing - Professional at Kärcher UK
- 17:15 CLOSE OF DAY ONE**

DAY TWO – WEDNESDAY 7 OCTOBER

- 09:30 Welcome and opening address**
A short recap of Day One and welcome to Day Two.
Ceris Burns, Founder & Managing Director, CBI VR Experiences Limited
- 09:40 Welcome from our Headline Sponsor, Kärcher UK**
A warm welcome to Day 2 from Kärcher.
Marcus Heap, Sales Director - Professional at Kärcher UK

INNOVATION ZONE: the most innovative companies around showcase their new and innovative products that will re-invent the industry

- 10:10 Safest & smartest workplaces in fighting Covid-19, getting Britain back to work**
With 1 in 5 people not washing or sanitising hands and considering that 80 percent of all infections are transmitted by hands, it's costing employers \$225.8 billion annually, and leading to a loss of user confidence and productivity. Do we really care about providing safer working environments?
Syed Ahmed, Founder, Savortex
- 11:05 Targeted hygiene – cleaning for the future**
Cleaning is a fundamental requirement for all companies. With time and cost pressures versus customer and third party audit requirements, there remains a need for all companies to be up-to-date with the latest technologies, science and methods to ensure their cleaning is effective, efficient and evolving. Hillbrush discuss the difference between clean surfaces and hygienic surfaces and how new innovative technology can help both the food industry and the general public.
Rob James, Head of Sales, Hillbrush
Paul Morris, Founder and CEO, Biomaster

6-7 OCTOBER 2020 / ONLINE

DAY TWO – WEDNESDAY 7 OCTOBER

12:15 **Revolutionising the way we clean and disinfect with hypochlorous acid**

Steve Courtney will demo Toucan Eco, explain the technology behind it, and share examples of where it's being used here in the UK, as well as in developing countries to turn polluted water into safe drinking water.

Steve Courtney, Product Specialist, Toucan Eco

12:50 **Meeting the challenge of COVID-19 with Cobotics**

The shift to cobotics (the collaboration of humans and robots) within FM and cleaning is gathering pace as businesses look for innovative solutions to meet heightened demand for cleaning services in the face of COVID-19. In this session, we will introduce the concept of cobotics and explore the benefits that cobots can deliver, driving cleaning performance and consistency, increasing productivity and freeing up time for frontline staff to focus on the deep sanitisation of hard surfaces. We'll also show how Whiz, our cobotic vacuum sweeper, is helping cleaning contractors to drive innovation, improve staff engagement and transform their operating models in a cost-effective and highly measurable way.

Nils van der Zijl, VP Sales and Marketing, SoftBank Robotics EMEA

13:45 **Reset your mindset today to maximise business resilience**

Award-winning inspirational speaker, Marcus Child, Founder of Positive Reframe will speak about resetting your mindset, leading for resilience, resourcefulness and getting positive business results post COVID-19. Marcus has won 32 awards, worked in 36 countries and enjoyed 24 years of speaking to business leaders. He inspires confidence, wholeheartedness and courage, and is known for helping thousands of people in hundreds of big brands and SMEs embrace daily life and times of change, positively and successfully. In stirring conversations with his audiences, he kindles resourcefulness and self-belief in individuals, positivity between colleagues and trust between organisations and their customers.
