

# Data Centric Summit 2024

The vision of DCS24 was to bring together data-minded leaders, fostering collaboration and conversations fed-to-fed, and creating a space for industry and academia to showcase their support in the Public Sector's current and future data initiatives.

**175 ATTENDEES**  
**20 SPEAKERS**  
**14 SPONSORS**

**CAIO**  
**COMMANDER**  
**PROFESSOR**

**DATA SCIENTIST**

The day was filled with speakers, exhibitions, great food, thought-provoking discussions, and a panel with some of the top leaders in data in the federal government, industry, and academia. Months later, the conversations from DCS24 continue on as attendees collaborate to create a better future for data management, security, analytics, and more in the Public Sector.

# SPEAKER SPOTLIGHT

CDOs, CAIOs, DRs, COLs, CAPT, CTOs, AND MORE...

Subject matter experts gathered to discuss critical advancements in data strategy, national security, and modern infrastructure. Key topics included enhancing data access control through zero trust strategies, addressing the impact of global trade on security, and preparing data for strategic competition. Sessions also explored innovative applications of AI, quantum computing, and cloud technologies, highlighting the need for resilience and collaboration in an evolving digital landscape.

PLATINUM

GOLD

SILVER

DCS24 was a great success thanks to the contributions from our sponsors and exhibitors. Each sponsor offered distinct insights and innovations, which fostered a dynamic atmosphere. Exhibitors presented advanced technologies and solutions that engaged attendees and facilitated valuable discussions and new collaborations. We appreciate their support and look forward to strengthening these partnerships moving forward!

MEDIA SPONSOR

The summit featured a team from CDO Magazine, who conducted video interviews with some of our speakers. These videos are available online and provide a valuable resource to revisit discussions or to those who were unable to attend the event.

Rob King | CDO | DOE

Snehal Antani | CEO | Horizon3.AI

Bill Burnham | US Public Sector CTO | HPE

Duncan McCaskill | CDAIO (Acting) | US Navy

*Click a speaker's name to watch their interview!*

Capt. Derrick Kozlowski | CDO | Army Signal School

Bryan Rosensteel | CTO | Ping Identity

Col. Eric Haas | Commander | NGIC

Col. Kris Saling | Director of Innovation | Army (ARC)

CW5 Jeramy Cosner | CTO | Army (AFC)

Randy Berger | Field CTO | GovSmart

Dr. Logan Selby | Founder & CEO | DataShapes AI

Dr. Seth Berl | CTO | GovSmart

*Titles reflect roles as of DCS24.*

## HAPPY HOUR

The Happy Hour, sponsored by Qohash and Rancher Government Solutions, boasted a beautiful spread of appetizers and desserts. Attendees spoke with one another over drinks from the open bar and walked around the exhibit hall to the different tables.

## HEADSHOTS

Alisa Foytik came to document the event and take headshots of attendees. We're so grateful for these incredible photos and her unique perspective of the days!
