FIJI'S BLUE LANE

BEFORE YOU DEPART

Engage a Fiji Yacht Agent to liaise with the relevant authorities on your behalf. There are three based at Port Denarau: Yacht Help, Seal Superyachts Fiji and Yacht Partners.

Undertake a RT-PCR test to determine your COVID-19 free status. Lab test results must be shown on a laboratory letterhead.
IMPORTANT: The time between your test and departure for Fiji should be less than 72hrs.

Submit your completed entry application to your appointed yacht agent along with
a) the crew's negative test results
b) an itinerary for your stay in Fiji. Your agent will liaise with the Fijian government COVID-19 Risk Mitigation Taskforce (CRMT) to review and approve.

Download and activate the careFIJI App to assist Fijian authorities with their contact tracing efforts in-country.

Activate your AIS so that the Fijian Navy can confirm uninterrupted sailing and determine the amount of time you need to spend in quarantine when you arrive.
