

# DRIED FRUITS & NUTS

## QUICK FACTS

- Türkiye is a major producer of organic dried **figs, raisins, apricots, hazelnut** and exports to **more than 150 countries**.
  - Türkiye is the world's **third-largest pistachio producer** and exports to 99 countries.
- Türkiye has the opportunity to export products at a more convenient pricing due to it being rich in raw materials and production.

## NATIONAL ADVANTAGE

Dried fruits and nuts occupy a special place in our culinary culture and have created their own special traditions, thus taking on folkloric qualities as well.

The production and exports of Turkish dried fruits and nuts are extremely high and dominate the global markets. The main secret of the success of these products is the fertile lands. Türkiye's climatic diversity, fertile soil, and efficient use of the sunlight allow the crops to grow and increase their flavor and quality.
