

# PASTA

## QUICK FACTS

- Exporting to **140** countries, Türkiye is the **2<sup>nd</sup> largest exporter of pasta to Europe** and the **4<sup>th</sup> largest exporter in the world**, with **2 million tons/year**.
- Competitive price superiority is one of the many important factors that distinguish Turkish pasta from other pasta.
- Due to its proximity to foreign markets and its strategic transport network, products are easily delivered to almost every part of the world.

## NATIONAL ADVANTAGE

Being one of the staples of a healthy diet, Pasta needs to be made from high-quality durum wheat. Yet, Türkiye is one of the largest producers of high-quality durum wheat in the world, its pasta is extremely nutritious for a rich carbohydrate and protein-based diet.
