Welcome to JA Inspire Virtual!

Your education and skills will enable you to succeed in whatever career you choose. Once you know your career options, you can work toward them.

Get Inspired!

JA Inspire Virtual unites schools in our community with local businesses. The goal is to help inspire you to envision future career possibilities.

The first step includes in-class sessions to get prepared. Then you will attend the JA Inspire Virtual Expo, where you'll see careers in action.

The JA Inspire Virtual Expo is an interactive experience that introduces you to a variety of local career opportunities. JA Inspire Virtual lets you learn from business representatives, see work equipment, and see a "day in the life" from companies in our region. JA Inspire Virtual will give you the tools to see connections between these careers and high school program options. You may one day seek a job at one of these companies! Educational institutions, Government, and other organizations may also be represented among the exhibitors.
