Welcome to the In-TAC 6th Virtual Career Expo!

In the most recent edition of this event, the largest ever, employers offered an impressive 1750 job opportunities in 117 municipalities across Canada to prospective employees from 114 countries. Such a record of success demonstrates what can come from international engagement as well from the embrace of inclusion and diversity, ideals underpinning this country's growing resilience in the face of an ever-evolving economy.

May all participants enjoy and make the most of this tremendous networking opportunity. You have my best wishes.
