

Mayor's Message

I am delighted to welcome everyone taking part in the 2020 National Virtual Career Expo. And if there was ever a time to embrace virtual life, 2020 is it – at the In-TAC Virtual Career Expo, you will have an opportunity to safely browse jobs, apply directly for job openings, chat with employer representatives and employment counsellors, and learn more about working in different parts of Canada.

Even before COVID-19, our personal and work lives were becoming increasingly connected online. Career expos like this can contribute to a diversified workforce, expanded markets, and global connection. Of course, I want to especially encourage registrants at the Expo to take a close look at the local job and business opportunities in Winnipeg as well as the settlement services, warm neighbourhoods, and great quality of life that this city offers.

On behalf of the City of Winnipeg, I want to recognize the organizers whose work has gone into making the National Virtual Career Expo a success. I hope that you will all connect, engage and start building great relationships for the future!

Warmly,

Mayor Brian Bowman
The City of Winnipeg
