

## **One Week From Today Canada's Largest Virtual Job Fair Will Open Its Virtual Doors**

Ottawa - September 29, 2020 -

### **MEDIA ADVISORY**

**Who** - Canada's employers and thousands of job seekers

**What** - Canada's largest virtual job fair, #VCE8

**Why** - People need jobs, employers need talent

**Where** - Online platform [www.in-tac-expo.com](http://www.in-tac-expo.com)

**When** - Starts 9am October 6 and runs to 9pm October 7

Canada's largest Virtual Career Expo (#VCE8) opens on October 6 at 9am for at least 15,000 job seekers, attracted by some 4,000 jobs from well over 100 companies located all across Canada.

If you have been waiting to tell your readers, viewers, or watchers how they can find the job they need in these COVID times, now is the time to spread the word. Job seekers must preregister at [www.in-tac-expo.com](http://www.in-tac-expo.com). There is no cost.

Organizers at the Ottawa based non-profit, social enterprise, the International Talent Acquisition Centre (In-TAC) this year added a second element that highlights more than a thousand jobs at Canada's largest tech and research park in Kanata ON. The Discover TechNATA job fair is moving to an online format for the first time.

#VCE8 begins October 6 at 9 am and runs right through to 9 pm on the 7th. Preregistered job seekers can browse the available jobs and companies, chat live with the hiring employers, apply and get interviews, and get hired. Jobs are being added every day and a full list will only be complete in the final days before the event. Get the updated job info at [www.in-tac-expo.com](http://www.in-tac-expo.com).
