A MESSAGE FROM MAYOR MASTERS

On behalf of my City Council colleagues and the citizens of Regina, it is my pleasure to welcome you to the International Talent Acquisition Centre (In-Tac) 9th National Virtual Career Expo!

I would like to thank the event organizing committee for providing a top-notch event that continues to connect Canadian employers with candidates all over the world. During these challenging times this event is more vital than ever to provide employment opportunities to facilitate Canada's economic recovery.

I encourage you to consider Regina as a potential destination for you and your family. We are a city that prides itself in our diversity and celebrating multiculturalism. Regina boasts a wide array of employment opportunities across all sectors.

We are a city that supports businesses and entrepreneurs of all shapes and sizes. We have the Audacity movement, a community that both celebrates entrepreneurship and showcases our infamous entrepreneurial spirit!

The City of Regina offers you a city with a small-town feel. Business helping business, neighbour helping neighbour.

In addition to your professional work it is important that your social life be filled with varying programs and activities. Home to our crown jewel Wascana Park, an abundance of sport and recreation facilities, arts and cultural centers, museums and artistic performance spaces...there is sure to be something here for you. We celebrate and recognize those with athletic abilities, those gifted through the arts and those who have yet to discover their talents.

Enjoy the rest of the Career Expo and please consider Regina as your new home. We will welcome you with open arms and warm hearts!

Sincerely,
