A MESSAGE FROM THE PREMIER

On behalf of all Manitobans, I am pleased to welcome those participating in the 9th Annual National Virtual Career Expo, hosted by the International Talent Acquisition Centre (In-TAC).

With thousands of participants from across Canada and more than 100 other countries, and dozens of Canada's top employers showcasing employment opportunities throughout the nation, this year's Expo is a tremendous opportunity for Canadians, new Canadians and future Canadians to make new relationships, find a new career and build a brighter future for themselves and their respective families.

As the world works to recover from the challenges and change caused by the Covid-19 pandemic, this year's Virtual Career Expo is a vital, necessary and welcome step toward that recovery.

I join my fellow Manitobans in thanking In-TAC for hosting this important event, and in wishing each of you the very best in the future.

A handwritten signature in black ink that reads "Brian Pallister". The signature is written in a cursive style with a large, prominent 'B' and 'P'.

The Honourable Brian Pallister
