

Registration & Attendance

I am currently registered for the event. What do I do now? Login is available starting Tuesday, November 10 at 7:30am PT.

Login: Visit http://bfs2020.vfairs.com

Username: Your login username is the email address you used during registration.

Password: Please check your email for your password. Your login details, including your password, were sent from 'connect@arkoselabs.com' to the email you used during registration.

What if I can't log in?

If you experience any technical difficulties on the day of the event, please email bfs2020@getvfairs.io.

Agenda, Booths, & Networking

In what time zone will the event take place?

Pacific Time Zone (GMT -8), between the hours of 7:30 AM and 5:00 PM. Please see the agenda page for more details.

Where to go while in the event:

- o View and join all sessions in the Auditorium
- o Visit sponsors in the Sponsor Hall
- o Network with peers in the Networking Lounge and Chat

What is the agenda?

We have a lot of great sessions that await you! View the full schedule for more details.

How can I post the event on social media?

Post using the hashtag #BankruptingFraud on Twitter and LinkedIn.

When is the happy hour and how do I attend it?

At 4.30 PT, we'll be hosting a virtual happy hour in the Auditorium.

Do I have to attend the entire event?

No, you have the freedom to attend any sessions you like. The event will be ongoing with sessions throughout the day from 7:30am - 5:00pm PT.

Technical Needs

Will the recorded presentations be available post-event?

Yes, the presentation recordings will be available for 30 days following the conclusion of the virtual event on the event website.

Who can I contact if I have any questions during the event?

You can click on our Help Desk in the "Lobby" of the platform for general information. If you require technical support, please click on the technical support link on the top navigation bar or email bfs2020@getvfairs.io.

Arkose Labs bankrupts the business model of fraud. Recognized by Gartner as a 2020 Cool Vendor, its innovative approach determines true user intent and remediates attacks in real time. Risk assessments combined with interactive authentication challenges undermine the ROI behind attacks, providing long-term protection while improving good customer throughput.
