Sell Online Tickets Directly from your School's Website

Fans complete transactions on your site, without being sent to a third-party website and receive mobile-friendly, digital tickets to get into the game.
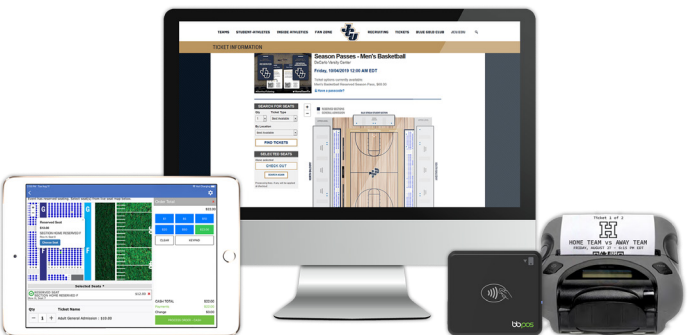

Provide Contactless Ticket Scanning and Gate Entry

Provide a comfortable game-day experience for your staff and fans by providing contactless gate entry from a safe distance. Easily train your staff in minutes to scan digital or printed tickets from the HomeTown Gate App. And get fans into the game quickly, while managing venue capacity and monitoring event attendance.

Get Immediate Access to Ticket Sales Revenue

Stop counting cash, waiting for weekly checks or reconciling funds after each event. All online ticket sales are processed via Stripe and deposited directly into your school's bank account, without HomeTown ever having access to your funds. See real-time ticket sales, event attendance and revenue reports in your online box office.
