Una scuola superiore con una visione internazionale

La nostra filosofia

Crediamo che vivere e studiare in una comunità internazionale contribuisca a rendere il mondo un posto migliore. Attraverso l'apprendimento individuale e collettivo, consentiamo ai giovani di ogni nazionalità e provenienza di realizzare il loro potenziale, diventare individui di mentalità aperta e avere un impatto positivo nelle loro comunità e nel mondo.

I nostri campus

La nostra formazione scolastica internazionale è caratterizzata da creatività, innovazione e personalizzazione. I nostri campus sono strategicamente situati a New York, Pasadena e nel cuore accademico del Regno Unito, perché offrono opportunità di apprendimento e professionali illimitate per i nostri studenti. Come parte di EF, manteniamo un sistema di supporto globale integrato per le nostre famiglie con 24 uffici locali in tutto il mondo.

Il nostro personale

Il nostro personale è ciò che rende la nostra comunità così speciale. Infatti, pensiamo che "EF" significhi anche "extended family", ossia "famiglia allargata". Siamo educatori appassionati, con una formazione interculturale e con una vasta esperienza internazionale, che parlano 20 lingue. Forniamo supporto a 360° ai nostri studenti lontani da casa, una responsabilità che affrontiamo con il massimo impegno.
