

## BIOGRAPHY

### Educator: Gary Smith

Gary Smith is the president of DiagNation, an automotive consulting, training and remote technical support business operating in the Washington DC Metro, servicing clients throughout the US and other countries. Visit [diagnation.com](http://diagnation.com) for more info on Gary and his training.

Gary teaches diagnostics with Worldpac and several automotive associations and writes diagnostic articles for MOTOR.com and Automotive Data Media. His specialty is diagnostics and lab scope training.

Gary brings 40 years of experience in automotive operations, technical and service sales areas.
