

BIOGRAPHY

Educator: Dave Schedin

Dave Schedin has 40+ years experience in the automotive field.

He has extensive General Motors University Automotive & Business Management training and is a graduate of the Arizona Automotive Institute.

Dave began his career as a young lad in an independent shop in '79 and began working as an Apprentice Tech advancing to a Master Level Driveability Tech. In '86 he moved into the dealership arena as a Lead Driveability Tech and obtained both the Chevrolet and ASE Master Technician status and became a Shop Foreman overseeing 24 Techs, Assistant Service Manager, Service Manager to Fixed Operations Manager. In '97 Dave started and managed "Dave's Auto Repair" in the Pacific Northwest where he took that business to a near million dollar sales level in under FOUR years by implementing and continuing to developing the "CompuTrek Automotive Management Systems."

Since 2006 Dave has been coaching and training to help shop owners achieve on average **\$200,000 in NEW GP dollars in 12 months**

Dave has been a featured trainer and speaker at ATE NW, over 50 ASA & ASCCA Chapter meetings, continued featured articles in Ratchet & Wrench, Aftermarket Matters and Remarkable Results Radio automotive podcasts.

Dave and his partner/wife Bonnie Schedin also carry extensive Leadership and Personal Self-Development coaching and training at the advanced level. Through both personalized and highly effective 'team' training & seminars, they offer well-rounded coaching for the automotive professional through experiential seminars.
