

BIOGRAPHY

Educator: Mike Reynolds

Mike is the owner of Mobile Automotive Service Solutions in Charleston, SC as well as a former adjunct automotive technology instructor at Trident Technical College. As a diagnostic specialist, he holds certifications as an ASE Master Technician (A1—A9, X1), and is an Advanced Level Specialist in engine performance (L1), and Hybrid/Electric vehicles (L3). He has also served as a Subject Matter Expert aiding in the development of the ASE ADAS Specialist certification. You can find his technical articles published in MotorAge magazine as well as case studies he has written featured in many aftermarket training seminars. Mike's passion for challenging diagnostics and desire to promote the aftermarket repair industry led him to take his career on the road. MASS incorporates vehicle programming and diagnostics with training allowing him to help upcoming and fellow technicians with relevant training content.
