Students,

Imagine the possibilities for a meaningful career – it can be yours! There are amazing jobs available in your backyard. We're excited for you to participate in Career Jam presented with JA Inspire Virtual Career Exploration Event!

While accessing our virtual Career Jam, be sure to wander & explore, watch videos & read up on the skills in demand by employers. Let your discovery spark your interests. Then talk to your family, friends, teachers & advisors about areas of study that can be your path to a rewarding career.

While you're exploring Career Jam, be sure to click & save interesting information. It will be captured in your virtual bookbag. You will be able to email its contents to yourself to share with parents and advisors. It will help you choose the educational courses that put you on the pathway to a great future job!

You will also have the opportunity to meet with leaders in various industries and workers on the job. You can post questions to them and check back for answers. Our goal is to inspire, motivate, and make you aware of great career opportunities in our region.

To support your future options, Your commitment is needed to ensure we have a thriving and respectful environment for everyone.
