

PHATS/SPHEM 2021 VIRTUAL CONFERENCE July 14 & 15, 2021

A Message from our Leadership

WELCOME TO THE PHATS/SPHEM 2021 VIRTUAL MEETING!

First and foremost, all of us at PHATS/SPHEM hope that you and your family are doing well during this COVID-19 medical crisis. As the world slowly moves forward with a reopening of the global economy, the PHATS/SPHEM executives remain committed to providing an environment for our members, vendors and affiliates to re-connect and interact, something we all so desperately need these days.

That is why the PHATS/SPHEM Executives made the early decision to transition the 2021 Annual Meeting to an immersive and interactive virtual meeting. We understand that many of you, our partner companies, have experienced disruptions to your businesses and budgets, but as we all know, getting back out there and networking is crucial to the success of a company.

PHATS/SPHEM invested in a versatile and robust online platform for the meeting that will include video product demonstrations, live chat features, networking opportunities, and extensive analytics available to all exhibitors. One important aspect is that while our meeting will be live and online from July 14-15, the platform will remain live for 30 days to allow you to maximize your exposure to the many athletic trainers and equipment managers in professional and non-professional hockey.

We understand that this new format will be different than past meetings, and PHATS/SPHEM will provide regular exhibitor updates and webinars in the weeks leading up to the meeting to keep you informed of all the exciting features and answer any of your questions.

I encourage you to join us as an exhibitor at the 2021 PHATS/SPHEM Virtual Meeting, the leading event in hockey. Thank you for your consideration and for all you do to keep our hockey association strong and moving forward. Your support means the world to PHATS/SPHEM.

Sincerely,

Chris Kingsley, PHATS President

Darren Granger, SPHEM President

Why Exhibit?

WHY PARTICIPATE IN THE PHATS/SPHEM VIRTUAL EXHIBIT HALL? We are committed to ensuring that the hockey community has access to the latest devices, equipment and resources to best serve the athletic trainers, equipment managers and strength and conditioning coaches.

Here are just a few reasons why your company should partner with PHATS/SPHEM as part of our Virtual Exhibit Hall.

INCREASED AUDIENCE We anticipate that this year's meeting attendance will be greater than ever as hockey teams from North America and Europe will be able to allow more staff to participate in the virtual Annual Meeting from their office or home. Our immersive virtual format will offer attendees an efficient way to learn about your products and services.

COST SAVINGS Your company will save thousands of dollars in travel costs, booth fees and shipping charges. Our virtual environment will allow you to connect with athletic trainers, equipment managers and strength and conditioning coaches who are actively seeking information and solutions for their departments to better serve their high-profile athletes.

PROLONGED VISIBILITY Exposure to your products and services will not end when the two-day meeting is over – our virtual Exhibit Hall will remain active for 30 days after the meeting ends which allows you more time for interactions and connection with the PHATS/SPHEM and SCAPH members.

SCALABLE NETWORKING OPPORTUNITIES A virtual meeting can make networking more accessible than at an in-person meeting. Instead of having to coordinate schedules or track down potential customers in a large convention center, virtual conference attendees will have many opportunities for direct communication, instant messaging and impromptu conversations at the click of a button.

EFFECTIVE LEAD GENERATION The new online platform will provide robust analytics. You will know exactly who you're speaking with and how best to follow up with them. The online platform will provide you with analytics to understand which of your products or services caught attendee's interest and how long they spent reviewing your materials. This will allow you to conduct more informed follow up after the Exhibit Hall closes.
