Student Travel Grant

Featured in magazine cover story "People to Watch"

## Publications

Gene constellation of influenza A virus reassortants with high growth phenotype prepared as seed candidates for vaccine production

2009 H1N1 swine flu: the 2010 perspective

Molecular Signature of High Yield (Growth) Influenza A Virus Reassortants Prepared as Candidate Vaccine Seeds

The American Society for Virology--29th Annual Meeting

# Jennifer Minieri Arroyo

Manager at Siemens Healthineers  
Bronxville

## Experience

Siemens Healthineers

7 years

Manager

January 2019 - Present (2 years 4 months)

Tarrytown, NY

Immunoassay Development

Senior Biochemist

January 2016 - December 2018 (3 years)

Tarrytown, NY

Immunoassay Development

Biochemist 2

May 2014 - December 2015 (1 year 8 months)

Tarrytown, NY

Immunoassay Development

New York Medical College

8 years

Postdoctoral Fellow

July 2013 - May 2014 (11 months)

Graduate Student

2006 - June 2013 (7 years)

Manhattanville College

Adjunct Faculty

June 2013 - December 2013 (7 months)

PsychoGenics

Research Associate III

May 2004 - August 2006 (2 years 4 months)

Institute for Cancer Prevention

Biologist

June 2003 - May 2004 (1 year)

---

## Education

New York Medical College

Doctor of Philosophy (PhD), Microbiology and Immunology · (2012)

New York Medical College

MS, Microbiology/ Immunology · (2006)

Fordham University

BS, Biology · (2002)
