WELCOME TO THE 2022 ONCOFERTILITY CONFERENCE

On behalf of Magee-Womens Research Institute and Foundation and the Oncofertility Consortium, we welcome you to the 14th Annual Oncofertility Conference, Vision 2030: A Roadmap for Oncofertility Research and Practices. This year’s meeting will help set the agenda for fertility preservation research and practice over the next decade. Over 225 attendees from 15 countries will participate in the 2022 Conference. This diverse group of interdisciplinary attendees from a variety of specialties and backgrounds will share their research and develop new oncofertility goals and initiatives for the upcoming year.

This year marks the first time the Oncofertility Conference is held outside the city of Chicago. We are thrilled to host an in-person conference, the first since 2019, at the Wyndham Grand Hotel located at the confluence of Pittsburgh’s three rivers.

Day 1 opens with concurrent meetings of the 12 Oncofertility Consortium scientific committees. These meetings are open to all registered conference attendees and will be in a hybrid in person/virtual format to enhance accessibility and participation by the international membership of each committee. The first day also features a half day of ECHO Training that includes psychosocial, biological, clinical and skill building modules to help oncology allied health professionals (nurses, physician assistants, social workers, and psychologists) communicate timely and relevant information about reproductive health to their adolescent and young adult (AYA) patients. Last, but certainly not least, the first day will feature a half day patient navigation workshop.

The second and third days will consist of traditional lectures with poster sessions and networking opportunities interspersed throughout the program. Be sure to maximize your time here and take this opportunity to network and meet someone new and learn something new! Stop by our exhibitor tables and advocacy tables as well. A special thanks to all of our supporters who make this conference possible.

We are delighted that this program has been so well received by a multidisciplinary community of researchers, physicians, other allied health professionals, patients and patient advocates. This illustrates that there is an appetite for oncofertility educational programs, and we encourage all attendees to bring their newfound knowledge back to their home institutions. Together we are training the next generation of leaders and increasing oncofertility awareness around the globe.

Thank you all for attending the 2022 Oncofertility Conference. You are the multidisciplinary community that we have all come to appreciate about the Oncofertility Conference. The 15th Annual Conference of the Oncofertility Consortium will be in the Spring of 2023. More information about date and venue will be coming soon.

Conference Co-Chairs

Kyle Orwig, PhD
Host, 14th Annual Oncofertility Conference
Director, UPMC Fertility Preservation Program
Director, UPMC Magee Center for Reproduction & Transplantation
Professor of Obstetrics, Gynecology & Reproductive Sciences
Magee-Womens Research Institute
University of Pittsburgh School of Medicine

Mahmoud Salama, MD PhD
Director of the Oncofertility Consortium
Assistant Professor of Obstetrics & Gynecology
Michigan State University

Program Committee

Leslie Appiah, MD
University of Colorado

Richard Leach, MD
Michigan State University

Monica Laronda, PhD
Northwestern University

Julie Rios, MD
University of Pittsburgh Medical Center

Stacy Whiteside, APRN, MS
Nationwide Children’s Hospital
2022 ONCOFERTILITY CONFERENCE ORGANIZING COMMITTEE

Leslie Appiah, MD  
Associate Professor of Obstetrics and Gynecology  
Chief, Division of Academic Specialists in Obstetrics and Gynecology  
Director, Fertility Preservation and Reproductive Late Effects Program  
Department of Obstetrics and Gynecology  
Pediatric and Adolescent Gynecology  
Children’s Hospital Colorado

Richard Leach, MD  
Chair, Department of Obstetrics, Gynecology and Reproductive Biology  
Michigan State University  
Chair, Department of Women’s Health Services  
Henry Ford Medical Group

Monica Laronda, PhD  
Director, Gonadal Tissue Processing, Fertility & Hormone Preservation & Restoration Program  
Dept. of Endocrinology, Pediatric Surgery, Stanley Manne Children’s Research Institute,  
Ann & Robert H Lurie Children’s Hospital of Chicago  
Assistant Professor, Department of Pediatrics and Surgery, Feinberg School of Medicine  
Northwestern University, Chicago, IL

Kyle Orwig, PhD  
Professor of Obstetrics, Gynecology and Reproductive Medicine  
Director, UPMC Magee Center for Reproduction and Transplantation  
Director, Fertility Preservation Program of UPMC  
Magee-Womens Research Institute  
University of Pittsburgh School of Medicine

Julie Rios, MD  
Associate Professor  
Division Director, Reproductive Endocrinology & Infertility  
Department of OB/GYN/RS  
University of Pittsburgh School of Medicine  
Magee-Women’s Hospital of UPMC

Mahmoud Salama, MD, PhD  
Assistant Professor of Obstetrics & Gynecology  
Director, Oncofertility Consortium  
Michigan State University

Stacy Whiteside, APRN, MS, CPNP-AC/ PC, CPON CPNP-AC  
Nurse Practitioner/Fertility patient navigator  
Fertility & Reproductive Health Program  
Department of Hematology/Oncology/BMT  
Nationwide Children’s Hospital
TERESA K. WOODRUFF, PHD
Founder of the Oncofertility Consortium; Provost, Michigan State University

Teresa K. Woodruff, Ph.D. serves as Michigan State University’s Provost and Executive Vice President for Academic Affairs. As the chief academic officer for Michigan State University, Provost Woodruff provides leadership for matters that affect academic programs, research, and outreach involving faculty, students, and staff. She oversees the quality of instruction and research at the University through collaborative work with deans, departmental chairs, and other vice presidents, addressing issues such as effective planning, good management, and program reviews.

Dr. Woodruff helps ensure the quality of the faculty by administering and monitoring procedures and criteria for faculty appointments and promotions, working conditions, and tenure. She monitors the quality of student learning by overseeing the curriculum while encouraging and coordinating initiatives in undergraduate education. She also coordinates recruiting and admissions for undergraduate and graduate programs. Additionally, she is responsible for overseeing academic and budgetary planning and priorities.

Prior to joining MSU as Provost in August of 2020, Dr. Woodruff served as the Dean and Associate Provost for Graduate Education in The Graduate School at Northwestern University. She was also the Thomas J. Watkins Professor of Obstetrics & Gynecology, the Vice Chair for Research and the Chief of the Division of Reproductive Science in Medicine in the Department of Obstetrics and Gynecology, Feinberg School of Medicine, as well as Professor of Molecular Biosciences in the Weinberg College of Arts and Sciences, and Professor of Biomedical Engineering in the McCormick School of Engineering. Additionally, she was the Director of the Center for Reproductive Science (CRS), Founder and Director of the Women’s Health Research Institute (WHRI), and Founder and Director of the Oncofertility Consortium.

She is an internationally recognized expert in ovarian biology and, in 2006, coined the term “oncofertility” to describe the merging of two fields: oncology and fertility. Woodruff holds more than 10 U.S. Patents and was elected to the National Academy of Inventors (2017). She has been active in education not only at the professional level but also with high school students. To this end, she founded the Oncofertility Saturday Academy (OSA), one of several high school outreach programs that engages girls in basic and medical sciences. For this work, she was awarded the Presidential Award for Excellence in Science Mentoring in an Oval Office ceremony by President Obama (2011).

She holds two honorary degrees including one from the University of Birmingham, College of Medical, UK (2016) and from Bates College (2011). She is an elected member of the American Academy of Arts and Sciences (2020), National Academy of Medicine (2018), an elected fellow of American Institute of Medical and Biological Engineering (2017) and the American Association for the Advancement of Science (AAAS) (2005). Among her other honors are a Guggenheim Fellowship (2017), the Society for Endocrinology Transatlantic Medal (2017), a Leadership Award from the Endocrine Society (2017), the Mentor of the Year Award from the Society for the Study of Reproduction (2018). She is past-president of the Endocrine Society and championed the new NIH policy that mandates the use of females in fundamental research. She is civically active and is an elected member of The Economic Club of Chicago. She is a past member of the Adler Planetary of Chicago Board of Trustees, and served on the school board of the Chicago-based Young Women’s Leadership Charter School.
Ferring Provides the Most Complete Portfolio

**Menopur®**
(menotropins for injection)

**Endometrin®**
(progesterone) Vaginal Insert 100mg

**Fyremadel®**
(ganirelix acetate) injection

**Novarel®**
(chorionic gonadotropin for injection, USP)
Many Thanks to the Sponsors of the 2022 Oncofertility Consortium Conference who made this Conference possible.
Creating a better future together

We are proud to support Magee Womens Research Institute & Foundation and the 14th Annual Oncofertility Consortium.

We know what it takes to keep patient specimens safe inside & out

ReproTech has been an industry leader for over 30 years, and we’ve partnered with Oncofertility freezing programs since 2007. We’ve built storage facilities and protocols that are widely heralded as the gold standard in human reproductive tissue storage. We continuously test our systems from the inside out and add redundant measures to protect specimens from natural, mechanical, or human disasters. And now we’re bringing our experience and proven safety protocols to the Northeast U.S.

Openning soon in Trumbull, CT
1 Hour To Midtown Manhattan
2 Hours To Downtown Boston

(Board shuttle in front of the hotel prior to 5:30 pm to go to Kyle’s house) (3026 Allman Place, Baden PA. 15005)
AGENDA: DAY 2: Tuesday, May 3, 2022, 7:30 AM – 7:00 PM, Ballroom 1

7:30 – 8:00 AM
REGISTRATION (CONFERENCE FOYER)
CONTINENTAL BREAKFAST/NETWORKING (KINGS 1 & 2)

8:00 – 8:15 AM
WELCOME: CONFERENCE CHAIRS (BALLROOM 1)
Richard Beigi, MD
President, UPMC Magee-Womens Hospital, USA
Kyle Orwig, PhD
Director, UPMC Magee Center for Reproduction and Transplantation, Magee-Womens Research Institute, University of Pittsburgh School of Medicine, USA
Mahmoud Salama MD, PhD
Director of the Oncofertility Consortium, Michigan State University, USA

8:15 – 9:00 AM
KEYNOTE SPEAKER (RECORDED)
Vision 2030: A Roadmap for Oncofertility Research and Practices
Teresa K. Woodruff, PhD
Provost & Executive Vice President for Academic Affairs, Michigan State University, USA

9:00 – 9:30 AM
NEXT GENERATION THERAPIES MORNING SESSION - MODERATOR: MONICA LARONDA, PHD
Reconstitution of gametogenesis using pluripotent stem cells
Katsuhiko Hayashi, PhD
Kyushu University, Japan

9:30 – 10:00 AM
Development and analysis of fertoprotective agents
So-Youn Kim, PhD
University of Nebraska, USA

10:00 – 10:30 AM
BREAK, POSTER SET-UP (KINGS 4)

10:30 – 11:00 AM
In vitro maturation of primordial follicles to yield eggs
Jing Xu, PhD
Oregon HSU, USA

11:00 – 11:30 AM
Preserve and protect - fertility preservation in young males
Rod Mitchell, PhD
University of Edinburgh, UK

11:30 AM – 12:00 PM
Ultrasound-guided rete testis sperm aspiration: a path to spermatogonial stem cell transplantation
Kathleen Hwang, MD
University of Pittsburgh School of Medicine, USA
AGENDA: DAY 2: Tuesday, May 3, 2022, 7:30 AM – 7:00 PM, Ballroom 1

12:00 – 1:00 PM
LUNCH/NETWORKING (KINGS 1 & 2), VIEW POSTERS (KINGS 4)

1:00 – 1:30 PM
ALLIED HEALTH PERSPECTIVE AFTERNOON SESSION – MODERATOR: STACY WHITESIDE, CPNP-AC, NATIONWIDE CHILDREN’S HOSPITAL, USA
Nursing Services, Past President of the Canadian Fertility & Andrology Society
Eileen McMahon, RN(EC), MN, PNC(C)
Mount Sinai Fertility, Canada

1:30 - 2:00 PM
Sexuality and sexual health among women with cancer
Kristin Carpenter, PhD
Psychologist, Director, Women’s Behavioral Health, Women’s Integrated Sexual Health (WISH) Program, Board of Directors of the Scientific Network on Female Sexual Health & Cancer, USA

2:00 – 2:45 PM
Tips and resources for starting or expanding a fertility preservation program; National and International perspectives
T. Brooke McClendon, PhD
Program Coordinator, UPMC, USA
Leslie Appiah, MD
University of Colorado Anschutz Medical Center, USA
Maria Bourlon, MD
Instituto Nacional de Ciencias Médicas y Nutrición, Mexico
Olivia Frias
Cincinnati Children’s Hospital, USA
Amy Jutca
UPMC Children’s Hospital of Pittsburgh, USA

2:45 – 3:15 PM
BREAK/VIEW POSTERS (KINGS 4)

3:15 – 3:45 PM
Survivorship Clinic and Research
Brooke Cherven, PhD, MPH, RN
Emory School of Medicine, USA

3:45 - 5:00 PM
Patient and Advocate Panel
Panelists: Christine Hanlon, Brandon Lischner, Alyssa Kelly

5:00 – 7:00 PM
RECEPTION, NETWORKING, VIEW POSTERS (KINGS 4 & 5)
WELCOME
Michael Annichine
CEO, Magee-Womens Research Institute & Foundation
AGENDA: DAY 3: Wednesday, May 4, 2022, 7:30 AM – 3:45 PM, Ballroom 1

7:30 – 8:00 AM
CONTINENTAL BREAKFAST/NETWORKING (KINGS 1 & 2)

8:00 – 8:30 AM
TRANSLATIONAL RESEARCH MORNING SESSION – LESLIE APPIAH, MD
Ovarian tissue oocytes in vitro maturation (OTO-IVM)
Michel De Vos, MD, PhD
Vrije Universiteit Brussel (VUB), Belgium

8:30 – 9:00 AM
Restoring Fertility in Males
Ellen Goosens, PhD
Vrije Universiteit Brussel (VUB), Belgium

9:00 – 10:00 AM
ORAL ABSTRACT PRESENTATIONS AND AWARDS

10:00 – 10:30 AM
BREAK/VIEW POSTERS (KINGS 4)

10:30 – 11:00 AM
REGULATORY ISSUES TRANSLATING RESEARCH TO CLINIC MORNING SESSION – MARY ZELINSKI, PHD
Regulatory oversight (FDA) of new and emerging REI technologies
David Ball, PhD
HCLD, Lab Director, Seattle Reproductive Medicine, USA

11:00 – 11:30 AM
Looking Ahead toward FDA Approval for Ovarian Tissue Cryopreservation and Transplantation in the U.S.
Mary Zelinski, PhD
Oregon National Primate Research Center
Oregon Health and Science University, USA

11:30 AM – 12:00 PM
Standardization and regulations for cryopreservation of reproductive tissues: Perspectives from Germany
Dunja-Maria Baston-Büst, PhD
Universitätsklinikum Düsseldorf, Germany

12:00 – 1:00 PM
LUNCH/NETWORKING (KINGS 1 & 2), VIEW POSTERS (KINGS 4)
Note: Posters will need to be removed between 12:00 and 2:00 PM
1:00 – 2:00 PM  
**CLINICAL ACCESS AFTERNOON SESSION – MODERATOR: ERIN ROWELL, MD**  
*Ethical Debate: Patients with Poor Prognosis Panel*  
*Julie Rios, MD*  
University of Pittsburgh Medical Center, USA  
*Jen Levine, MD*  
Columbia University, USA

_**INVESTIGATING THE MOST COMPLEX FERTILITY CHALLENGES**_

Magee-Womens Research Institute seeks to understand the causes behind, and identify solutions for, some of the most complex fertility challenges. In collaboration with clinical research teams at UPMC Magee-Womens Hospital, our investigators are pioneering the latest fertility treatments, providing hope for generations of future families who wish to have biological children.
The 15th Annual Oncofertility Consortium Conference will be held in the Spring of 2023.

Stay tuned for more details on the Oncofertility Consortium Website.
