5-Step Disciple-making Cycle

to bless Buddhists

Step 1: Win Trust

Using Jesus' method of mingling with people, showing genuine sympathy, and helping those in need, begin winning the trust of your unbelieving friends. By taking time to listen, you will begin to sympathize as you understand that they are doing their best to address their own needs, pain, and fears. Pray for God to open their hearts to Jesus. GOAL: Trust.

Step 2: Inspire Faith

Begin by sharing testimonies of how Jesus is blessing you. Then invite them to ask God to reveal Himself to be real and show that He cares about them. Pray *for* them and *with* them. When they experience God's love, they will believe that He is real. Encourage them to share their story with others and teach them how to respond through grateful worship and service to others. GOAL: Faith.

Step 3: Present Gospel

Tell the story of angels attending & heralding Jesus birth. Share of Jesus' compassion, miracles, teachings about the sinful condition of the heart, His offer to heal the heart, His silent suffering and cruel death, and His power to raise back to life. Share His plan to destroy suffering, sin and death and recreate the heavens and earth. Those who accept him as their God will experience heart healing, transformation, and will be welcomed into the new world. Invite them to accept Jesus' way for their life and commit to learning how to follow Him. ★**Dedicate** them to Jesus as baby believers and welcome them into Sabbath School or care group membership. GOAL: Repentance.

Step 4: Teach Believer

Beginning with Creation and fall, trace the story of redemption through the Bible. Include the rebellion of Israel, Jesus as fulfilled prophesy, warnings of Christian apostasy, three angels' messages, the 2nd coming, destruction of the wicked, and the earth made new. Next, review topics related to faithful living with God today. Include how to study Scripture, pray, and confess sins one to another. Assess your disciples' obedience to the Word of God. ★**Baptize** them as Seventh-day Adventist members. GOAL: Obedience.

Step 5: Coach Discipler

Help your disciple identify their spiritual gifts for sharing Jesus' love and hastening His return. Coach them through the steps of making disciples. Identify God's specific calling for them. ★**Commission** your disciple by laying on hands and praying for God to use them for the specific service God has called them. GOAL: Mission.

Progress Assessment Tool

Assess each of your disciples. If all four of the boxes are checked, move to the next step.

Assessment: Disciple Trusts Me

My disciple...
