About Traumasoft

As a high-performance technology company, Traumasoft specializes in automation, system integration, and providing organizations with one solution to manage all their business needs

Traumasoft was built with the input and expertise of actual EMS owners, managers, and personnel. Pairing real world EMS professionals with a team of expert developers resulted in a solution capable of managing every facet of an EMS operation.

With an inherent belief that software is only as good as the problems that it solves, Traumasoft continuously solicits and implements user feedback and suggestions from existing clients. We believe the future of world-class EMS software lies in innovation and collaboration.

The Traumasoft logo is displayed in a white and green color scheme. The word "TRAUMA" is in white, and "SOFT" is in green. The background of the slide features a dark blue aerial view of a parking lot with several vehicles, and a bright green curved shape in the bottom right corner.

TRAUMASOFT

EVOLVE

Traumasoft User Conference '22

EXHIBITOR OPPORTUNITIES

Conference Overview

Join us and be a part of our inaugural Technology and User Conference.

We are calling the conference 'Evolve' as it reflects our mission and commitment to the EMS industry.

We believe that our software products and our service must be constantly evolving. And we want you to be part of it.

Conference Tracks

Billing Track

This track will be led by our team of experts who 'actually' use the system everyday; they will provide best practices and other important insights.

Open Q&A session after session
'VIP-TechLab' available

Dispatch Track

This track will cover new features, advanced functionality related to Dispatch, MDT, GPS and Advance Chat.

Open Q&A session after session
'VIP-TechLab' available

Operations Track

The Operations Track will cover advanced user tips and best-practice for People & Fleet Operations, the new ePCR, and Business Development Solutions.

Open Q&A session after session
'VIP-TechLab' available

Conference Tracks

New Product Track

Evolution is the essence of moving forward – we'll be announcing and showcasing future features and enhancements of our solution.

Open Q&A session after session
'VIP-TechLab' available

Partner Product Track

Our partners collaborate to create technology that often work better together. Join us for sessions around insights and inspiration with our partner network.

Open Q&A session after session
'VIP-TechLab' available

Training Track

Training is key to making the most out of any product. Join us as we step through best practice education sessions.

Open Q&A session after session
'VIP-TechLab' available

EXHIBITOR OPPORTUNITIES

VIP Tech Lab

The VIP TechLab is a unique opportunity to connect with Traumasoft and EMS experts.

It's an allotted time providing the chance for customers to connect directly with the leadership, technical and product team of Traumasoft.

Includes an exclusive networking session for all VIP attendees.

Speakers

J. Todd Sheridan will be joining us and keynote speaker at the Evolve day 2 kick-off on Monday morning.

For those unaware, Mr. Sheridan is a seasoned EMS leader with expertise in operations, finance and strategic planning. Mr. Sheridan's consulting projects have ranged in size from smaller community initiatives to large urban high-performance EMS systems. His skills include assessment and strategic planning, data analysis, operational performance improvement, financial modeling, and staff development. He previously served as the firm's contracted Director of Operations for Robert Wood Johnson University – EMS/Mobile Health Services.

Speakers

Scott A. Moore will be speaking at Evolve on Tuesday morning

Scott A. Moore, Esq. has been in the emergency medical services field for over 31 years. Scott has held various executive positions at several ambulance services in Massachusetts. He'll talk about Medicare Cost Accounting among other important topics at the Tuesday morning breakfast session.

Scott is a licensed attorney, specializing in Human Resources, employment and labor law, ambulance service reimbursement, and corporate compliance matters. He is the Human Resources & Operational Consultant to the American Ambulance Association (AAA) and he created Newton 360, a performance feedback and operational efficiency mobile platform designed specifically for EMS agencies.

EXHIBITOR OPPORTUNITIES

About Kissimmee

Kissimmee is a Florida favorite for generations. World-famous theme parks. Shopping, dining, boating, biking, golfing, and fishing. Year-round sunshine, great accommodations, and friendly people. It's all part of the Kissimmee experience. And it's why year after year, friends and families come to Kissimmee for memories that last them a lifetime.

<https://www.experiencekissimmee.com>

EXHIBITOR OPPORTUNITIES

The Convention Center

Located in beautiful Central Florida, Gaylord Palms Resort & Convention Center welcomes guests to an upscale, one-of-a-kind experience.

Explore four-and-a-half acres of indoor garden atriums, nine award-winning restaurants, bars, world-class Relâche Spa, and a state-of-the-art fitness center.

The hotel features a newly expanded convention center and 1,718 guest rooms, including 129 spectacular suites and 306 brand-new rooms in Gulf Coast tower. We have negotiated a discounted room rate, please [click here to book now](#).

EXHIBITOR OPPORTUNITIES

Attending

Join us in Orlando and enjoy the stunning Gaylord Palms Resort & Convention Center.

This is a unique in-person experience to connect with industry experts and innovators and to hear from the Traumasoft team about optimizing your system and what future developments hold.

Join us virtually too – hear from, and connect with, professionals in the live event and from afar. Either way you'll mingle, network and hear from the best and brightest in the EMS sector.

Exhibiting Virtually

We want everyone who can't attend in person to have a great experience at our inaugural technology and user conference.

We're providing a fully virtual live streamed event in conjunction with the in-person event.

Vendors virtual booths provide marketing assets for visitors and a way to connect directly and chat. Customers and prospects visit in real-time to showcase products and explain tailored offerings.

We're using vFairs the gold-standard virtual exhibition software to run our virtual event

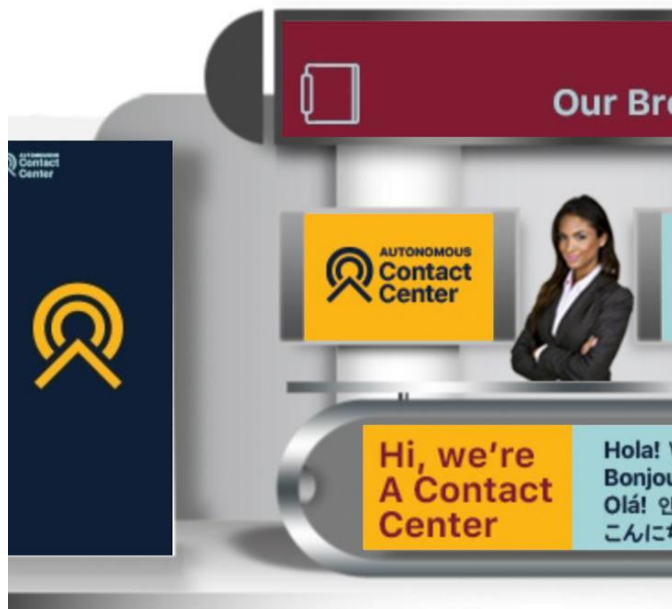

- Provide materials, brochures, videos and downloads for attendees
- Chat virtually with attendees
- Customize your booth with corporate colors
- Add banners and animation to your booth signage
- See who's visiting your booth
- Add links to your website, social media and marketing
