Courriel : Mark.Sutcliffe@ottawa.ca

On behalf of Members of Ottawa City Council, it is my distinct pleasure to extend a warm welcome to all those participating in the **Canadian Association of Government Finance Officers (CAGFO) Annual Conference**, taking place at the Delta Marriott City Centre, on unceded Anishinabe Algonquin territory, from October 30th to November 1st 2023.

This national conference and AGM serve as premier forums for CAGFO members and financial sector stakeholders to convene under the theme *Innovation – The Way Forward*. Delegates will have the opportunity to discuss a diversity of important topics, including property tax trends, cloud-based best practices, and asset management, while also gaining greater industry insights through plenary sessions, keynote and other speakers, and a trade show.

As Head of Council, I want to acknowledge CAGFO, the guest speakers, sponsors, and exhibitors for dedicating efforts, expertise, services and resources to the successful organization of this inaugural hybrid conference.

Allow me to offer my best wishes to the participants for a productive and rewarding meeting, and to the visitors for an enjoyable stay in Ottawa.

Sincerely,

Au nom des membres du Conseil municipal d'Ottawa, j'ai l'immense plaisir de souhaiter chaleureusement la bienvenue à toutes les personnes participant à la **conférence annuelle de la Canadian Association of Government Finance Officers (CAGFO)**, qui aura lieu à l'hôtel Delta Marriott du centre-ville, sur un territoire non cédé de la Nation Anishinabe Algonquine, du 30 octobre au 1^{er} novembre 2023.

Cette conférence nationale et cette assemblée générale annuelle constituent des cadres de premier plan aux membres de la CAGFO et aux intervenants du secteur financier qui se réuniront sous le thème *Innovation – La voie à suivre*. Les délégués auront l'occasion de discuter de divers sujets importants, notamment les tendances en matière d'impôts fonciers, les meilleures pratiques infonuagiques et la gestion des actifs, tout en enrichissant leurs connaissances du secteur grâce aux séances plénières, aux conférenciers d'honneur et autres, et au salon professionnel.

En tant que chef du Conseil, je tiens à remercier la CAGFO, les conférenciers invités, les commanditaires et les exposants pour les efforts, le savoir-faire, les services et les ressources qu'ils ont déployés afin d'assurer la réussite de cette toute première conférence hybride.

Permettez-moi de souhaiter aux participants une rencontre fructueuse et enrichissante et aux visiteurs un séjour agréable à Ottawa.

Cordialement,

Mark Sutcliffe, Mayor/Maire

WELCOME TO OTTAWA!

On behalf of Ottawa Tourism, we extend to you a warm welcome to our beautiful city. Ottawa is incredibly proud to host the **CAGFO Annual Conference 2023**.

Located on the unceded territory of the Algonquin Anishinaabe nation, Ottawa offers a dynamic cultural milieu that embraces the Indigenous heritage of this land. As the capital of a bilingual nation bordering the province of Québec, you'll hear both English and French (and a multitude of other languages) on our streets. The city features a thriving cultural scene, a wealth of historic landmarks, wide-open green spaces and delivers a truly unique Canadian experience. Our national museums devoted to science, technology, aerospace, and more, offer creative and state-of-the-art exhibitions, as well as modern convention venues, offering a unique and inspiring meeting experience to its delegates. Add all of that to its clean, green, and natural setting, and you've got a capital that attracts millions of visitors every year.

When your business is done, we encourage you to explore the many attractions of the area. A pedestrian-friendly downtown core that is home to many remarkable hotels allows for delegates to attend an event and to then take in the city's many sights with ease. From beautiful museums to outdoor adventure in any season, to award-winning restaurants and high-end shopping, you can be sure that there is plenty for everyone to see and do.

To find out what's on while you're here visit www.ottawatourism.ca and be sure to share your experiences with us on social media using the hashtag **#MyOttawa**. Enjoy your visit to Ottawa and we sincerely hope we have the pleasure of welcoming you back soon!

BIENVENUE À OTTAWA!

Au nom de Tourisme Ottawa, nous tenons à vous souhaiter la bienvenue dans notre belle ville. Ottawa est très fière d'accueillir la **conférence annuelle de la CAGFO 2023**.

Située sur le territoire non cédé de la nation algonquienne Anishinaabe, Ottawa offre un milieu culturel dynamique qui embrasse l'héritage autochtone de cette terre. En tant que capitale d'une nation bilingue limitrophe de la province de Québec, vous entendrez l'anglais et le français (et une multitude d'autres langues) dans nos rues. La ville offre une scène culturelle florissante, une multitude de monuments historiques, de vastes espaces verts et une expérience canadienne vraiment unique. Nos musées nationaux consacrés à la science, à la technologie, à l'aérospatiale, etc., proposent des expositions créatives et de pointe, ainsi que des salles de congrès modernes, qui offrent à leurs délégués une expérience unique et inspirante. Ajoutez à cela un cadre propre, vert et naturel, et vous obtenez une capitale qui attire des millions de visiteurs chaque année.

Une fois votre travail terminé, nous vous encourageons à explorer les attractions de la région. Un centre-ville piétonnier qui abrite de nombreux hôtels remarquables permet aux délégués d'assister à un événement et de visiter ensuite les nombreux sites touristiques de la ville en toute simplicité. Des musées magnifiques aux aventures en plein air en toute saison, en passant par les restaurants primés et les boutiques haut de gamme, vous pouvez être sûr qu'il y a beaucoup de choses à voir et à faire pour tout le monde.

Pour savoir ce qui se passe pendant votre séjour, visitez le site www.ottawatourism.ca et n'oubliez pas de partager vos expériences avec nous sur les médias sociaux en utilisant l'hashtag **#MyOttawa**. Nous vous souhaitons un excellent séjour à Ottawa et espérons vous accueillir de nouveau très bientôt!

Michael Crockatt

Canadian Association of Government Finance Officers
2023 National Conference Oct 29 - Nov 1

Lorrie Schmalenberg,
CAGFO President

Innovation – the way forward! That is our 2023 conference theme. Change is the new normal. As professionals, we don't want just change, we want progress! We want to find better, newer, more efficient and effective ways to serve the public, and we have to find ways to be cost effective. The answer is innovation.

Welcome to this year's conference where you'll find topics of innovation, as well as our economic and public sector accounting updates, diverse educational sessions, networking opportunities and more.

I'm looking forward to being in person in beautiful Ottawa, but whether in person or virtually, I hope to "see" you there!

2023 National Conference Oct 29 - Nov 1

Richard McCoy,
Executive Director
CAGFO

Welcome Members to the 2023 CAGFO Annual Conference. We are delighted that you are able to attend this year and we hope that you will thoroughly enjoy the programming ahead. We are confident that the continuing professional development offered will support and enhance your current and future careers. We are now offering a hybrid conference giving you the opportunity to network and visit together in-person and virtually. We also hope that you will utilize some of the avenues to interact with us October 29 to November 1, inclusive. As well, we invite you to connect with our sponsors whose financial contribution supports the delivery of this national conference. Our select sponsors and exhibitors all have products and services that will be of interest to government finance officers and teams. Your feedback is important to us. We ask that you complete the post-conference survey that will be sent to you after closing on November 1. Remember this is your conference. Participate and enjoy!
Richard McCoy, CAGFO Executive Director

2023 National Conference

This conference is all LIVE HYBRID

ALL SPEAKER SESSIONS can be viewed IN PERSON, and ONLINE VIRTUALLY, by conference registrants:

- If watching virtually: go to <https://cagfo.vfairs.com> in the Auditorium.
- If In Person: go to the designated hotel space, either Ballroom A, Ballroom B/C, Richelieu Room, Frontenac Room, or Joliet Room. (SEE PROGRAM below)

Access conference website, create a handy schedule of your choices as of October 29, 2023, at 4:30pm (EST) Whether you join us in person or virtually - all the speaker sessions are available to you to watch LIVE throughout the conference. And if you miss a session, for example, because you watched a different concurrent session scheduled at the same time, then know that registrants for both in person and virtual attendance get limited access to recordings (after they are edited), until the end of Nov, available to view with your same registration email address as you registered with, on the conference website. www.cagfo.vfairs.com **Open your Zoom account in your website browser** (Chrome ideal) **before** logging into conference site in another tab, for optimum participation options.

Watching virtually? Login to <https://cagfo.vfairs.com> on October 29, 2023 at the earliest, by entering the email address you registered with. That email address is the only thing you need for access. Go to the “**AUDITORIUM**”, click on the movie screen, and you can go to each day’s schedule (to the right of your empty personal schedule, and within each day’s list of sessions, click to add the sessions you want to build your schedule (on the left). Schedule your calendar for the sessions you will want to watch live on Oct 30, 31st and Nov 1st (**but still login to www.cagfo.vfairs.com to connect to the sessions live.** (www.Zoom.us to download free Zoom software for Mac & Windows if you don’t already have, so you can vote in the AGM, respond to polling questions, and to do very short surveys after each session.) **ACCESS CHATROOMS** via the “**LOUNGE**”. **Virtual Exhibitors** via the “**EXHIBITOR HALL**”.

We have combined LIVE video feeds so it will be seamless for the viewer.

If a speaker is presenting from the conference hotel, or if joining into the conference virtually themselves to speak, you know by the handy orange and blue icons next to each speaker’s photo.

IN PERSON ATTENDEES

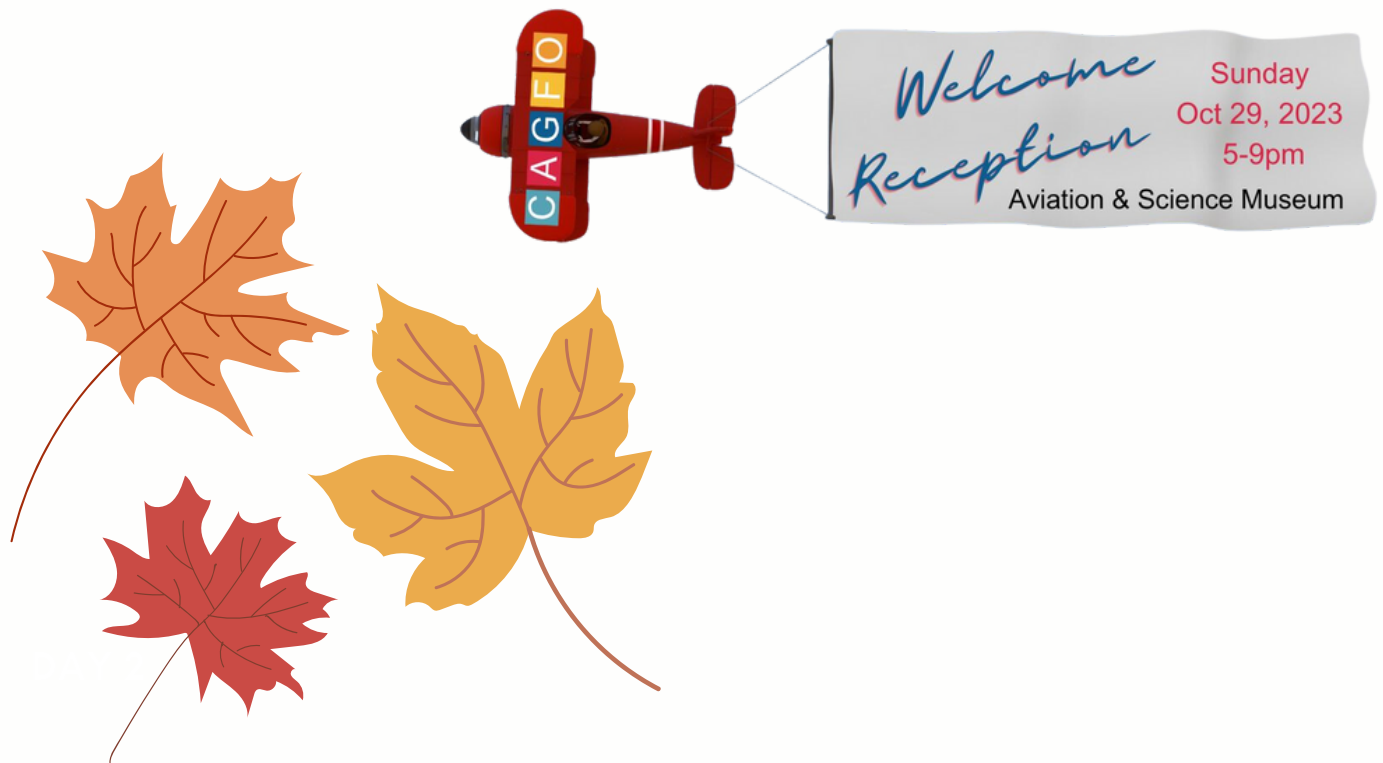

Can watch all sessions live as well, in the designated hotel spaces noted in the program, including the in person, virtual and hybrid. (Or if trying to watch online, login with the email address you signed up with, go to the www.cagfo.vfairs.com website and go to the Auditorium, click the movie screen. The vFairs mobile app is not for viewing sessions, it’s for realtime voting in polls and surveys, AGM voting, so in person can participate as well. It also has access to the photo booth, in person exhibitor floor plan, sponsor ads, gamification leaderboard, etc. etc.

CAGFO 2023 ANNUAL NATIONAL CONFERENCE

CAGFO 2023 ANNUAL NATIONAL CONFERENCE

Note:

Plenary sessions are single sessions (everyone watches the same live session.)

Concurrent sessions are three different sessions, running at the same time slot, in different rooms. Live viewing? You choose one to watch live. The other two, you will still be able to watch them until the end of November on video on demand, via the www.cagfo.vfairs.com website once the live video has been edited after the conference.

FOR ALL SESSIONS, if you are watching online, YOU GO TO THE AUDITORIUM of the conference website, to either your schedule that you built, or the individual day's schedule (tab right beside it), and click on the glowing button that says LIVE. If your Zoom is already open, you will be brought into the Zoom to view, ask questions, vote, do polls, etc. If not, you will simply watch without interacting.

Also, take a virtual walk (using your arrow keys) and check-out the Virtual Lounge and Exhibitor booths - Exhibitors will list when they are available to chat live. Have fun with the photo booth. Your access to the Virtual Conference Venue is only activated starting Sunday, October 29th at 4:30pm (EST). Then you will be able to go to the Auditorium and schedule your session choices in advance if you want to. When sessions are live, a **Live button will appear or glow** that you will click on to watch.

BREAKFAST

BALLROOM B/C *Monday, October 30, 8:30am-9:30am*

Breakfast

Breakfast, and check-out the in-person exhibitors (same room); & an interactive virtual Exhibitor Hall at cagfo.vfairs.com Take your photo in the virtual "Photo booth" in person on the app; virtual on website.

LEE JEYES - KEYNOTE SPEAKER

*Acclaimed Business Futurist /
Innovation Strategist
Former Head of Innovation,
Walmart Canada*

In our rapidly evolving business landscape, Lee Jeyes equips leaders with the tools and strategies needed to face these changes head-on and thrive.

As the most recent Head of Innovation at Walmart Canada, Lee led a team of researchers, creators, strategists and developers that continuously challenged the status quo.

Lee was the youngest store manager in both the UK and Canada for the world's largest retailer and was part of the launch of Walmart Canada's online grocery business which drove over \$500 million in business value in a two-year period.

His contributions to the industry have been recognized in publications such as the Progressive Grocer's Industry's Best and Brightest Under 40 in 2021.

Spearheading the launch and leading Walmart Canada's first innovation incubator - Blue Labs - Lee's primary role was to discover, intake and create solutions for the most complex challenges that customers and leaders are facing today.

In his spare time, you can find him in Toronto walking along the water with his Great Dane, Wall or making music in his plant-filled loft.

ANNUAL GENERAL MEETING

PLENARY

BALLROOM A *Monday, October 30, 12:00am-1:00pm*

THE IMPORTANCE OF THE AUDITOR GENERAL IN OUR DEMOCRACY

*Heather Miller, Chartered Professional Accountant, CPA, Certified Management Accountant CMA
Assistant Auditor General*

The Office of the Auditor General of Canada (OAG) serves Parliament by providing it with objective, fact-based information and expert advice on government programs and activities, gathered through legislative audits. Parliamentarians use OAG reports to oversee government activities and hold the federal government to account for its handling of public funds. These activities cover topics such as health, culture, the environment, finance, agriculture, transportation, and scientific research, to name only a few.

This Office's work is extremely important for our democracy. Given our ever changing world, this session will outline how the OAG is adapting to meet the evolving needs of Parliamentarians and Canadians.

PREPARING FOR ORGANIZATIONAL CHANGE - ERP IMPLEMENTATION

Many public sector organizations struggle with legacy IT systems that lack the capabilities and integration required to manage a modern City, limiting the ability to capture and utilize valuable data to enable efficient and effective decision-making. In an effort to modernize many look for a technology solution without first properly assessing and understanding their readiness for change.

This session will focus on:

- Building a Culture of Change - the importance of preparing the people who will determine your success for the future
- Assessing the Current State - understanding where you are in relation to where you want to get
- Developing a Vision for the Future - Establishing corporate policy while meeting business needs.

BEYOND CREDIT RATINGS

Five factors to consider for diversification and risk assessment.

Portfolio diversification is critical, but choosing the right financial institution can feel like a daunting task. Many decision-makers lean towards credit ratings to help assess an FI, but that shouldn't be your sole deciding factor. In this session with Yvette Wu, CEO and Co-founder of Yield Exchange, we will explore 5 additional factors that go beyond a credit rating that will help you make better investment decisions and mitigate risk.

FUNDAMENTALS OF MANAGING PUBLIC SECTOR RISK

Ed McCaulley, F. H. Black & Company Incorporated

Organizations of all types and sizes are constantly at risk. The implications of unidentified or unaligned risks in public sector organizations can be widespread, affect entire communities, and result in public scandal.

Many organizations do not have sufficient risk management processes despite the potential ramifications. Developing those processes can be a mammoth task, and public sector finance departments are already overextended. This webinar will provide an overview of Enterprise Risk Management (ERM), risk governance, and the tools that enable successful risk management without overextending the finance department.

Learn how to protect your organization by identifying and keeping tabs on crucial risks before they become a crisis.

Topics to be covered include:

- ERM introduction
- Evolution of Risk Management
- ERM definitions
- Establishing guardrails, not speed bumps
- Why adopt an ERM program?
- Risk governance
- Overview/Key elements
- Roles & Perspectives
- Three lines of defense
- Risk policy and program
- Risk framework
- Risk appetite
- Risk types and risk taxonomy
- Risk monitoring and use of Key Risk Indicators (KRIs)
- Handling incidents
- Enterprise-wide risk assessments

EVERYTHING YOU NEED TO KNOW ABOUT ARTIFICIAL INTELLEGENCE ... BUT DIDN'T KNOW TO ASK

James Spellos, President of Meeting U

Since ChatGPT exploded in our lives in 2022, Artificial Intelligence (AI) is already having a significant impact on the tasks and requirements needed for today's education and professional work. While many are fearful that AI will replace the need for many, the reality is much more nuanced than what many are preaching, though the skill sets and tasks required are evolving. Attend this session to keep up the various tech tools that will impact your career moving forward.

After participating in this session, the learner will be able to:

- Identify 30+ AI tools that can support your work
- Review and discuss with your peers the impact of AI and other technologies on the future of the profession
- Understand how current AI technology will continue to evolve

LEADERSHIP - KNOWING OURSELVES AND APPRECIATING OTHERS

Are there people who you feel you really click with, where the ideas just fly? Are there others where you have difficulty connecting? How well do you know yourself? How aware are you about how you are received by team members? These are just some of the questions, and answers!, that we'll cover in this lively, fun, and interactive session to help us better understand ourselves and appreciate our differences.

We all have unique personalities and preferences, but each of us shows up in ways that we might not fully appreciate or see. Understanding our own preferences and increasing our conscious awareness of when we are using them, can help each of us connect, adapt, and work more effectively with each other.

DETERMINING ASSET VALUES FOR INSURANCE AND OTHER PURPOSES IN THE PUBLIC SECTOR

Are you in charge of reporting municipal asset values for insurance or other purposes?

If yes, you know that determining property values for diverse buildings and their contents isn't an easy task. Ever-changing construction costs, market dynamics and price points, hard-to-navigate personal property (or contents) exposures.... it is hard to keep up. This session will discuss the role of appraisals in municipal risk and financial management, the possible sources of values and the importance of report up-to-date, accurate property values.

1. Gain an insight into the role of insurance appraisals in public sector risk management.
2. Look at possible sources of property values for insurance or other purposes.
3. Discuss the importance of obtaining qualified, expert opinion of value.

PSAB'S NEW REPORTING MODEL

In March 2023 PSAB approved its new reporting model in Section 1202, *Financial Statement Presentation*, which will be effective for fiscal years beginning on or after April 1, 2026. The Reporting Model contained in Section PS 1202:

- is consistent with PSAB's new Conceptual Framework;
- builds on the Reporting Model in Section PS 1201, *Financial Statement Presentation*; and
- provides the public with understandable information for accountability purposes.

Attend this session to obtain an overview of:

- the key principles in Section PS 1202;
- significant changes from the reporting model in Section PS 1201;
- the implications of the changes to preparers and users; and
- key consequential amendments arising from the new reporting model.

TOPIC: TOWN OF AURORA MODERNIZES THEIR FINANCIAL, BUDGETING AND PROCUREMENT PROCESS USING ORACLE CLOUD APPLICATIONS

PRESENTING IN PERSON

Des Seturam
President &
Delivery Executive,
Vigilant Consulting
Services

The Town of Aurora, a mid-sized town in the Greater Toronto Area, embarked on their journey to replace a highly customized medley of on-premises applications with a competent, state-of-the-art Cloud solution. After a rigorous RFP process evaluating several ERP and Municipal solutions, Oracle was selected as the software provider and Vigilant Consulting as the software reseller and implementer of Oracle Cloud Applications. Over the nearly one-year timeline Vigilant has implemented the ERP (General Ledger, Accounts Payable, Accounts Receivable, Cash Management, Assets, Self-Service Purchasing, Procurement Sourcing, Procurement Contracts, Purchasing, Supplier Portal), EPM (Workforce Planning, Financial Planning and Project Planning) integrating with the Municipal Solutions (Property Tax, Utility Billing, etc.)

PRESENTING IN PERSON

Anitha Reddy
Vigilant Consulting
Services

The Municipal By-laws and the guidelines that the Town needed to adhere were strictly adhered to on the solution blueprint. Vigilant worked with the Town to ensure streamlining, and standardisations were an essential piece of the overall design. Re-engineering of existing businesses process had to be rendered to where applicable with happy outcomes such as paperless approvals giving way to online ones. Data integrity was achieved through segregation of Business Units in the Receivables Module, and mirrored in the Municipal solution to enable a seamless integration between the two systems.

PEOPLE, GOVERNANCE, AND GOVERNMENT

Re-establishing culture and confidence in the municipal workplace.

Social movements such as #metoo movement and #blacklivesmatter as well as the fallout from the Pandemic, have led to an increase in the incidence of workplace investigations and harassment complaints across government. Employees are increasingly using formal mechanisms to mitigate workplace transgressions which, perhaps, in the past they would have tolerated or managed themselves. The onus of Occupational Health and Safety and Federal and Provincial Human Rights regulations, good municipal governance and fear of civil lawsuits has created an atmosphere of trepidation and concern within government. Although municipal guidance and good governance procedures are standard across government, the size of the government, the relationships within it, and the history of action or inaction, has impacted government officials. The finance officer is caught between fiscal responsibility and ensuring regulations are followed. Investigations are costly; both monetarily and reputationally. Michael will discuss the post pandemic concerns facing government organizations, what can be done to mitigate issues such as a toxic culture and what to do when a transgression occurs. This session will focus on:

- Identifying the toxic workplace or the poisoned work environment.
- Identifying gaps in policies - what are the best practices.
- Managing complaints of harassment and workplace misconduct.
- Deciding should we do it ourselves or hire a professional?
- What are the surprises to be expected?
- How do we manage the cost?

FINANCIAL PLANNING FORUM

Harnessing your ERP for Revenue and Cash Collection: Lessons Learned from Implementing Enterprise Municipality Suite at the Town of Aurora

The Town of Aurora recently implemented a new financial system, which also included implementing Enterprise Municipality Suite (EMS) for Property Tax, Utility Billing and Cash Collection. The Enterprise Municipality Suite is a user-friendly interface that manages several areas of business unique to local governments and fully integrates into your financial system of choice. This removes the need for additional systems and keeps your data together, in one repository.

Enterprise Municipality Suite integrates revenue and invoices from the Property Tax and Utility Billing modules directly into the financial system, allowing all receivables for the municipality to be managed together. In addition, implementing the integrated CashClerk module allows customer service through the Town to capture and record cash receipts for invoices and onetime payments. It also processes pre-authorized and lockbox payments as well as managing post-dated cheques and adjustments. The entries from CashClerk are automatically posted to the financial system once balanced in EMS, recording the revenue and cash in the ledger without delay.

Join us for a discussion of lessons that both the Town and the software company, Ravic, learned during the implementation of the Enterprise Municipality Suite (EMS) at the Town of Aurora. A brief background to the Town's project, along with a brief introduction to the EMS product will be followed by a discussion of topics related to the implementation experience.

ECONOMIC UPDATE **MNP**

In an era defined by dynamic economic forces and global uncertainties, understanding the economic landscape at the local level is paramount. Susan offers a comprehensive glimpse into Canada's current economic situation, with a sharp focus on local dynamics. She will discuss immigration and housing and what the pivotal factors are that will shape the future of municipalities, from infrastructure investments to tax policies and the evolving nature of work. Join us for an in-depth exploration of these critical economic topics, where we'll uncover insights and strategies for navigating the challenges and opportunities that lie ahead for Canada's local economies.

Wednesday, Nov 1, 10:45am-11:15am

KEYNOTE

BALLROOM A

Wednesday, Nov 1, 11:15am-12:15pm

PRESENTING
IN PERSON

Michael Lewis
*Managing Director
of Michael Lewis
Training,
Motivation and
Development*

TOPIC: ACHIEVING BALANCE: HOW TO ACHIEVE A BETTER WORK/LIFE BALANCE!

Keynote Speaker

COVID-19 was a game changer for many of us – some working from home, some working in a hybrid arrangement and others worked as normal. We learned again that balancing a busy and often challenging professional and personal life is never easy. Life brings us all daily challenges, but it is how we choose to address each of these challenges that defines us and the quality of life that we want and deserve. In this uplifting, positive, solutions-oriented presentation we'll explore some common-sense strategies that you can use today to achieve a better and more realistic work life balance...and live your best life.

Learning Outcomes:

- Discover why a better and more balanced begins with important conversations.
- Learn that creating and establishing boundaries serves us and others in our lives.
- Experience two powerful demonstrations on the effects of stress...and what it means.
- Examine why less is more, that you don't have to do it all and that its about quality over quantity.
- Learn why we need to "say when" when it comes to technology.

CLOSING

Why Do I Need Risk Appetite and Tolerance Statements?

Ed McCaulley, CPA, MBA, Principal Consultant, F. H. Black & Company Incorporated

Have you ever been skydiving? I have not. To quote Clint Eastwood, “Jumping out of a perfectly good airplane is not a natural act.” Yet the US Parachute Association reported that in 2021, around 39,412 of its members made 3.57 million jumps.

Do you have an adjustable-rate (ARM) or fixed-rate mortgage? When I was younger and poorer, I considered an ARM before choosing a fixed rate. Back then, ARMs were trendy. They became less popular in the low-interest rate environment of our recent past. Perhaps they’ll gain popularity once again.

Do you drive faster than the speed limit? As a young man, I was clocked at 65 mph in a 35-mph zone. My defense? I was driving a straight-away on a clear, country road. The officer didn’t buy it, and I ended up spending two hours in remedial driving school for “aggressive drivers.”

Why all the questions? To make a point. Both the **ways** in which each of us measures risk and the **amount** of risk we’re willing to assume can vary widely. [Read More](#)

ENFORCING INTERNAL CONTROLS TO MANAGE RISK

Gain tools to manage risks faced by the public sector.

- Learn best practices for internal controls

Speaker Bios *In the order of appearance*

Wendy Stephanson, Bac Com CPA CMRP

New City Manager, City of Ottawa

As City Manager, Wendy serves as Council's chief administrator leading the organization to deliver services across more than 100 distinct lines of business through 10 departments and 17,000 employees. Wendy is a strong financial steward who has devoted her entire career to public service. With more than 28 years with the City of Ottawa, she has held several leadership roles including most recently as Chief Financial Officer (CFO).

As CFO, Wendy was responsible for all financial aspects of the corporation, including the development of the \$4.14B operating and \$989.5M capital budgets, tax policy, long-range financial plans and \$1.8B annual payroll and distribution of pensions and benefits.

Throughout her tenure with the City of Ottawa, Wendy has established strong, collaborative relationships across the organization, local industry partners and key stakeholders at all levels of government. She is an accomplished servant leader who has a proven track record of developing, empowering and guiding diverse teams of people to deliver quality service.

In addition to her role with the City of Ottawa, Wendy has made significant impacts across the Province of Ontario. Through her collaboration with the Ontario Municipal Tax and Revenue Association's (OMTRA) Education Committee, educational material for the Municipal Tax and Revenue Administration program was developed and administered by Seneca College. This work was also included in the re-developed Municipal Practitioner's Guide to the Tax Sale Process that is used by municipal and legal professionals throughout Ontario. In 2017, Wendy received a Province of Ontario Volunteer Service Award for these contributions.

Wendy is also a member of the Big City Hub Task Force where the six largest cities in Canada collaborated to address the COVID-19 pandemic and develop a safe restart plan for Canada's economy.

Wendy holds a Bachelor of Commerce degree from Carleton University, is a Chartered Professional Accountant (CPA) and Certified Municipal Revenue Professional (CMRP). She is an active member of the Ontario Municipal Tax and Revenue Association, where she currently serves as a director on the board.

Lee Jeyes

Acclaimed Business Futurist

Innovation Strategist

Former Head of Innovation,

Walmart Canada

KEYNOTE SPEAKER

Lee Jeyes

In our rapidly evolving business landscape, Lee Jeyes equips leaders with the tools and strategies needed to face these changes head-on and thrive.

As the most recent Head of Innovation at Walmart Canada, Lee led a team of researchers, creators, strategists and developers that continuously challenged the status quo.

Lee was the youngest store manager in both the UK and Canada for the world's largest retailer and was part of the launch of Walmart Canada's online grocery business which drove over \$500 million in business value in a two-year period.

His contributions to the industry have been recognized in publications such as the Progressive Grocer's Industry's Best and Brightest Under 40 in 2021.

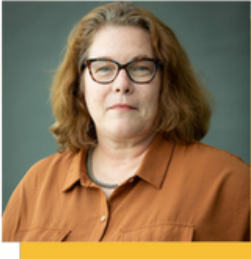

Spearheading the launch and leading Walmart Canada's first innovation incubator - Blue Labs - Lee's primary role was to discover, intake and create solutions for the most complex challenges that customers and leaders are facing today.

In his spare time, you can find him in Toronto walking along the water with his Great Dane, Wall or making music in his plant-filled loft.

Speaker Bios

Heather Miller, CPA CMA **Assistant Auditor General**

Heather Miller has been with the OAG for more than 20 years in a variety of roles and has been serving as Assistant Auditor General since September 2021.

In her role as Assistant Auditor General, she is leading the OAG's audit transformation initiative, which is aimed at increasing the impact of our reports.

During her career at the OAG, Ms. Miller has worked on performance audits, financial audits, and special examinations and on a variety of portfolios, including immigration, foreign affairs, revenue, and health. She has also worked on the Practice Review and Internal Audit team. All of this experience has given her extensive, first-hand, and well-rounded knowledge of the OAG and its products.

Ms. Miller holds a bachelor's degree in business administration from Lakehead University in Thunder Bay, Ontario. She began her career in the private sector and joined the public service in 1998 at the Canada Revenue Agency.

Speaker Bios

Greg Clark

Greg Clark is the Director of Capital Assets and Projects at the City of London, leading a team overseeing the management of Corporate Asset Management, growth capital funding and Tangible Capital Asset reporting. Working to deliver organizational value through improved data collection, tracking, analysis and reporting.

He graduated from McMaster University with a Honours Bachelor of Commerce in 1999 and attained his CPA (CMA) designation in 2010. From there he found his calling in the public sector, working at the City of Guelph over the past 12 years to champion innovation and progress within the City's capital planning and budgeting areas.

Prior to joining the City of London, he was leading Guelph's ERP program which included the implementation of new software to manage the Procurement, Inventory, Work Order and Asset Management functions of the entire organization. Greg's role as Manager, ERP Program saw him lead a team of 17 from across multiple functions in preparing for this substantial change. The success of a project of this nature requires a focus on building a culture of change.

Shelley Stedal

Shelley Stedal is the President of the Municipal Finance Officers Association (MFOA). She is the Director of Corporate Services /Treasurer with South Frontenac, (a progressive rural municipality of 20,000, north of Kingston) and is a seasoned Municipal Treasurer with over 30 years in rural, small urban municipalities as well as experience as a Senior Municipal Financial Advisor with the Ministry of Municipal Affairs and Housing (MMAH). Shelley is also an elected Council member in her home community of Quinte West. Shelley's career in Municipal finance has been with Single Tiers and Lower Tiers in both Eastern and Western Ontario. Shelley has also been a marker for the Association of Municipal Manager Association (AMCTO) courses, has delivered seminars and training, including the MFOA/GFOA Budgeting workshop series, and updated the AMCTO Municipal training units. Shelley is extremely proud of the work that MFOA has done over the years to build the Municipal Finance Sector both through education and training but also through strong networking. MFOA has been a huge resource to Shelley and she continues to work with the Association so the Municipal Finance professions of Ontario can continue to be a strong resource in a world of constant change.

For nearly 30 years, FHB has enabled public sector finance and budget teams across North America to improve and automate their most time-consuming and tedious business processes.

Our expert team begins by interviewing our clients and reviewing their current processes. We then collaborate with their team to streamline those processes and select, implement, and support the best enabling technology to meet their organization's distinct needs.

Here's what some of our clients have to say:

"[F. H. Black & Company Incorporated] is just fantastic at what they do. They thoroughly understand the software and the nuances of municipal accounting."

-Theresa Musser, Financial Services Manager City of Lacombe, Alberta

"FHB's response time was exceptional. Their CPA's had the knowledge, skills, and experience needed to learn, document, and process the payroll system efficiently. They also had excellent interpersonal skills and were able to understand processes quickly."

-Amy Elgersma, Chief Administrative Officer, City of Iqaluit, Territory of Nunavut

"F. H. Black understands municipal accounting. There's a tremendous knowledge base within the company and they use that knowledge to come up with strategic recommendations that really help us leverage the software to our best advantage."

-Mark Beauparlant, Manager of Corporate Financial Services, City of Mississauga, Ontario

canoe
procurement group of canada

The Canoe Procurement Group of Canada works with municipal associations across the country. The associations work with Canoe to provide member organizations access to preferential pricing on trade-compliant purchasing programs that leverage the collective buying power of all involved.

The Canoe Procurement Group of Canada is a cooperative purchasing group created by its membership specifically to support public and non-profit organizations. Tracing its root to a handful of Western Canadian municipalities in 1936, Canoe has partnered with municipal associations across Canada and grown to represent over 5000 member organizations across Canada. Canoe is owned and operated by its membership through a not-for-profit municipal association.

KPMG Canada is home to a diverse workforce that inspires confidence, empowers change and drives innovation. In British Columbia, KPMG is one of the largest accounting services firms. Our team of specialists bring their diverse perspectives, experiences, and passion to work every day to support Canadian organizations. Across our Audit, Advisory, and Tax services, our goal is to be a difference-maker by delivering innovative ways of thinking, digitally enabled solutions and exceptional service to help our clients manage risks, seek out new opportunities and stay competitive.

Digital transformation is not a linear process. It is an evolution that helps ensure organizations keep pace with the expectations of their stakeholders. Digitally enabled, data-driven organizations can better anticipate the needs of their customers, more efficiently integrate into their value and supply chains, and build agility into their systems and processes. This allows them to respond more quickly to market forces, capitalize on digital transformation opportunities and deliver exceptional customer experience. In order to derive true business value and enable an agile and continual approach to digital transformation models, organizations require:

- A clearly defined digital transformation strategy and roadmap based on organizational objectives
- Leadership buy-in and support
- Consensus amongst internal stakeholders regarding the intended outcomes and metrics to measure against
- A robust data and analytics strategy that tracks progress against objectives and signals requirements for course corrections based on changing market forces
- The right technologies and enterprise platforms to enable the target operating model
- Ongoing change management and digital adoption initiatives to help ensure continuous learning and improvement

ravic

Specializing in Oracle technologies and municipality software, the team at **Ravic** has a passion for developing and delivering high-quality innovative solutions designed to meet the needs of local governments. Helping municipality customers maximize value and benefit from their software investments is one of Ravic's primary objectives. We do this with the Enterprise Municipality Suite (EMS). EMS is a suite of applications designed to manage Animal Licensing, Business Licensing, Cashiering, Cemetery, Landfill, Property Taxes, Utility Billing, and give citizens a real-time view of their account(s) through the Citizen's portal. Each module is designed with the flexibility to be configured to your municipality needs.

Built on Oracle's Application Express (APEX), utilizing the most up to date integration technology, Ravic integrates our Enterprise Municipality Suite with your existing ERP system and shares data in both directions, eliminating duplicate entry and reducing reconciling concerns between systems.

It is Ravic's mission to support our clients in achieving their business goals by implementing solutions for their unique requirements while developing long-term relationships. Building long lasting relationships, our commitment to customer service and satisfaction, and high quality-delivery is the foundation of our business approach and the product of our proven success.

Ravic has a dedicated team with a purpose to improve applications addressing the needs of municipalities throughout the United States and Canada.

BLOOM

Bloom Centre for Municipal Education (Bloom) is an education and consulting firm dedicated to empowering municipalities across Canada. The company was founded in 2016 uniquely by municipal professionals and elected officials. The Bloom team has an intimate understanding of the challenges municipalities face, including those related to financial management, strategic planning, and governance.

The Bloom advantage is driven by Tim Duhamel, founder and President. He is a former municipal finance professional, Municipal General Manager, and CAO who has led municipalities through natural disasters, negotiations, capital plan development, project prioritization, decision making, and Council/Administration relationship improvements. He has had over \$2 billion in capital decisions and \$4 billion in operating budgets under his guidance and is considered one of the top municipal professionals in Canada.

Bloom is supported by a team of associate consultants with backgrounds in governance, finance, leadership, CAO duties, municipal governance, project management, and communications. The Bloom consulting service menu and advisory knowledge is broad and is in high demand with numerous long term and repeat clients. Bloom professional development programs have proven to be the one of the best in the business with numerous corporate clients Canada wide. Bloom's in-person and online education program provides the highest quality municipal education in North America getting thousands of views per year. Duhamel has firmly established Bloom's capacity to develop and facilitate multiple municipal courses on topics ranging from strategic planning, financial planning, budgeting, leadership and elected official skills. Reach out to Tim Duhamel and begin experiencing the Bloom advantage! <https://bloomcme.com/#ethics-essentials-in-the-municipal-sector>

Yield Exchange

Yield Exchange was designed to digitally transform the way institutional depositors shop for rates.

The way institutional depositors search, compare, and negotiate for GIC rates is fundamentally flawed - we're excited to change that. Our goal is to digitally transform the way depositors lock in GIC rates by bringing unparalleled transparency into the investment process.

We're building an all-in-one treasury management platform that connects depositors directly to financial institutions like Vancity, Laurentian Bank of Canada, First West Credit Union, and many more. With Yield Exchange, depositors can easily diversify their portfolios, reduce fraud risk, and make informed investment decisions every single time.

CPA CHARTERED
PROFESSIONAL
ACCOUNTANTS

Chartered Professional Accountants of Canada (CPA

Canada) is one of the largest national accounting organizations in the world and is a respected voice in the business, government, education and non-profit sectors.

CPA Canada is a progressive and forward-thinking organization whose members bring a convergence of shared values, diverse business skills and exceptional talents to the accounting field. Domestically, CPA Canada works cooperatively with the provincial and territorial CPA bodies who are charged with regulating the profession. Globally, it works together with the International Federation of Accountants and the Global Accounting Alliance to build a stronger accounting profession worldwide. As one of the world's largest national accounting bodies, CPA Canada carries a strong influential voice and acts in the public interest.

MISSION

CPA Canada enhances the influence, relevance and value of the Canadian CPA profession by:

- acting in the public interest
- supporting our members
- contributing to economic and social development

VISION

The Canadian CPA is the pre-eminent, globally respected business and accounting designation.

VALUES

We create trust by living by our values:

- act with integrity
- foster excellence
- be accountable
- work collaboratively
- respect others
