

**Indian Health Service (IHS)
Public & Community Health Virtual Summit**

*Using Innovative & Collaborative Approaches to Support
Community Health Partners*

September 7-9, 2022

AGENDA

Purpose: To bring together public and community health professionals, workers, and teams to learn, network, and share ideas to promote and support patient and community health.

Learning Objectives: At the end of the conference, the participants will be able to:

1. Examine innovative strategies and practices to address chronic conditions and diseases.
2. Identify new approaches to improve patient outcomes.
3. Apply new strategies to engage our patients and communities to mitigate behavioral health risks that contribute to obesity, HIV/STI, and cancer.
