

Get ready to navigate the deep sea of maternal and child health!

The Nevada Statewide Maternal and Child Health (MCH) Coalition invites you this fall to **Camp Treasure: Navigating the Deep Sea of Maternal and Child Health**. It will be a day filled with riding waves of community, support, activities, and powerful presentations focused on maternal, child, baby, and family-related topics.

The Nevada Statewide MCH Coalition believes that every child deserves a healthy start – it's the best gift a community can give to its children. The Nevada Statewide MCH Coalition works with community partners to advocate for preconception health, developmental screening, breastfeeding, physical activity, and more for growing families.

To better serve the entire state of Nevada, the MCH Coalition offers membership, resources and support in Northern and Southern Nevada. Together, the Northern and Southern Nevada Coalitions serve to nurture and enhance the knowledge and capacity of the healthcare community to serve the needs of families.

Why ride the tidal wave with us?

Participating in this symposium through sponsorship opportunities allows you to be part of that oceanic force, shaping the tides of our community to better serve our maternal and child health population. Your sponsorship will resonate across diverse audiences—families, clinicians, researchers, policymakers, and advocates. Together, we'll create ripples of change that reach shores far and wide.

Most importantly, we're looking for campers. Discover the synergy of ocean waves and immerse yourself in evidence-based discussions, innovative strategies, and community-driven solutions. We welcome parents and caregivers who are interested in learning more as well as community partners who support and advocate for parents and children. Attendees can register here beginning June, <https://camptreasure2024.vfairs.com/>.

We hope to offer a safe space for families who may feel like they're lost at sea or shipwrecked. Our goal of the day is to ignite a signal fire in our community to strengthen the support that's offered in Nevada.
