All presenters participating in this year's conference listed on the abstract submission are expected to register for the full conference at the presenter rate. It is the responsibility of the **primary author** to assure that all documents are included before submitting the abstract. The abstract will not be reviewed if information is missing.

Primary authors must have earned their terminal degree by the time of the conference to be considered for presentation. Primary authors may submit only one abstract for the conference. Please do not submit multiple submissions.

A maximum of four presenters may be listed for each abstract submission. Once an abstract is accepted for presentation, changes to this list of presenters including credential and affiliations may not be made. Presenters cannot be added, and substitutions will not be accepted. The primary author must present.

The primary author is the point of contact for all communications regarding the 16th National DNP Conference. This person will be responsible for assuring that the abstract submission process is complete, and all presenter TERMS AND CONDITIONS FOR SPEAKERS/AUTHORS forms are complete and uploaded for review by the conference nurse planner.
